Front: Steve Moran, Barrie Pitt, Ray Martin, Tony Ingram, John Arday, Richie Burke, Ivor Rees.*

PRESIDENT'S REPORT

by Simon Moriarty

Welcome to the 100th Annual Report of the Dee Why Surf Life Saving Club.

I am certain that while our founding club members imagined the club would be active for many years I wonder if they ever thought that we would achieve the milestone of 100 years of vigilance and service; but we have and for the estimated 7,000 members who have contributed to the history and success of the club thank you for making the celebrating of this historic achievement a reality.

We have certainly had a very successful centenary season in both club achievements and celebrations of which many are highlighted throughout this report. In my report I intend to highlight the major events that the Club was involved with this season.

We started the season with a new Chief Instructor in Vaughn Williams who introduced some innovative training programs and training timetables including running two successful six week Bronze Medallion courses. Unfortunately the second course was plagued by closed beaches for several weekends making it difficult to gain experience in the ocean as well as central venue examinations being postponed. The six week courses were welcomed by those that undertook them including Chelsea Haggett the daughter of Life Member Steve and provided the trainers with a little more downtime during the season. At the time of writing the Most Outstanding Club point score is being reviewed however it is pleasing to note that this year we have achieved the maximum points for when a club increases its overall number of awards (all disciplines) from the previous season a first for several years however Vaughn's biggest challenge during the year was becoming an Australian Citizen and for the first time many of us could finally understand his accent. We also had several new trainers and assessors endorsed during the year (details elsewhere in this report) and I thank them for their commitment to club members by undertaking additional roles.

During the season we ran a very successful Senior First Aid course facilitated by previous club member Stuart Massey and his assistant paramedic. The day was such a success that many club members who attended believed that all patrolling club members should be given the opportunity to undertake the course. Having listened to their request I am currently sourcing grants to be able to provide the funds.

While we had a successful season in the education department my perennial argument is of course the extraordinary duplication of reporting and in general the amount of paperwork required to complete an award. In my view this has seen our Bronze Medallion, now a Certificate II in Aquatic Safety, becoming a workplace award which serves no real purpose to the average club member however the organisation VETAB audits the awards which only serve the higher association bodies the opportunity to earn money by providing courses to industry as a Registered Training Organisation. I have served on a Branch Strategic Review committee this year and this area of the Branch operations has been reviewed as to its role.

It is again very pleasing to note another season of no lives lost while the patrols has been on duty. Once again very big crowds visited Dee Why beach and compared to last season we had many hot days and particularly warm water, even in May it was still 23 degrees, so it is a pleasing result. Once again Denise Gammie and her Vice Captains made certain that the start of the season went well with a clean bill of health at Gear Inspection along with the help of Pete Hatfield, Marty Quinn, Matt Molinia, Allan Skinner Grant Marshall Steven Polley, Adam Hockley, Ross Gammage, Sam Skinner and I am sure there are others so a big thank you for your efforts.

It goes without saying, but needs to be recorded, our patrolling members, many of who also compete for the club, have done an

outstanding job on the beach with some very difficult conditions with which to deal with this summer, particularly the weed which seemed to hang around for many weeks causing a nightmare for IRB's to properly execute any rescues and making it difficult to set the flags in a clean area.

Once again the Council Lifeguards proved to be a valuable resource and worked well with the volunteer lifesavers, so to Clinton Rose, Steve Dowman and Tim Donkin the Beach Services leaders and to Senior Lifeguards Scott Mortimer and Heath Brown and the regular Lifeguards Madison Quinn, Neil Dannenberg, Josh Wall, Adam Murray, Dean White, Jason Gard, Danny Sheather, Parker Graham, Cameron Bealy, Harrison Selby and Brad Meaney and we even had visits from Hayden Quinn and Dan Payne when their expertise was required, thank you for the courtesies shown to me and the club members.

On Friday the 21st September 2012 the first of our Centenary Celebration events the Raising of the Life Saving Flags, to signify the opening of the Life Saving season, was held at the Dee Why SLSC. Attending were Tony Abbott our local Federal member, Mike Gallacher the Minister of Police and Emergency Services, Brad Hazzard our local State member, Michael Regan recently re-elected Mayor of Warringah, Graham Ford AM the President of SLSA, Tony Haven the President of SLSNSW, Phil Vanny AM the CEO of SLSNSW, David Murray the President of SLSSNB, Steve McInnes the CEO of SLSSNB, Life Members of SLSNSW and Life Members of Dee Why SLSC and special guest Olympic Gold Medallist Murray Stewart from the K4 1000 kayak team. The event was covered by all the media and unbeknown to me Sky News did the whole thing live to air.

The Club was represented by members Steve Richards and Jack-Henry Bryant as IRB Crew, Connor Wylie, Dan Rashleigh, Harry Marshall, Cara Jacobs and Adam Hockley on boards, Courtney Campbell, Pia Jacobs, Issi Jacobs, Ashleigh Portelli, Taylah Portelli, Emily Hockley, Harley Hannam, Nash Hannam, Mikey Molinia and Connor Tyson as Nippers, with attending the speeches as Active Lifesavers Denise Gammie, Warren Hannam, Matt Molinia and Herve Vichmont.

A great display of Life Saving equipment was on the water with three jet skis and two IRB's (Dee Why and Long Reef) and the Westpac Lifesaver Helicopter and right on cue about 20 dolphins started leaping out of the water about 20 metres behind the approaching display.

DYSLSC President - Simon Moriarty with SLSCA President - Graham Ford

That weekend over 180 paddlers completed the most successful Rocks to Reef Ski Race with Tim Jacobs of Freshwater SLSC again triumphant.

Peter Hatfield did a fantastic job of organising the event (that is what he told me to write) and I know he appreciated the help of so many Club members. It was great to see three of our women's boat crew down from the Central Coast to help out on the day and repay the assistance that other Club members provide their event on the Ocean Thunder days.

After five years of toil, discovery, and late nights our Centenary publication arrived at the end of August in time for Father's Day. After viewing the 'book' on a computer screen for so many years it was nice to see it in its final form. Congratulations to the Centenary Committee of Richie Burke, Barry Cardiff, John Ewing, Dave Lang, Michael Crawford, Nelson Chad and myself for the work identifying the content and to John Taylor, the author and Tony Gordon, the designer for such a unique publication. Also Kevin Weldon, a long-time supporter of the club, bought to bear his years of publishing experience and expertise to the whole look of the publication. If you have not purchased your copy please make contact with the club and we can provide you with a copy.

And while the publication was certainly a milestone in our Centenary celebrations the one weekend of the year was fast approaching at which we could all celebrate the success of the club for the past 100 years.

Over 150 people met at the Dee Why RSL on Friday 12 October, our 100 year anniversary date, to meet and commence the weekend celebrations. There were many people that I had not seen for close on 40 years and of course many a tall tale got taller as the night wore on.

This was only the forerunner to what was expected to be a celebration not to be forgotten. For many months Barry Cardiff, Michael Crawford, Cheryl Ewing, Kerry Chad, David Gilmour and Craig Barnes had met and planned the ultimate celebration our Centenary Dinner and we would not to be disappointed. I don't think I have ever attended a function that without exception every person I spoke with commented favourably on the quality and quantity of the food and the quality of the wines served. And of course limited speakers on the night meant it was a night to renew friendships and for the conversation to flow. Many were seen dancing the evening to an end when all of a sudden midnight arrived and the festivities to end only to continue the next day at the surf club.

A sunny Sunday dawned and the club house spruced up for the members to enjoy a cold beverage and some quality canapés and of

course more stories from and about the bold and beautiful. This part of the celebration came about because of the sub-committee I had the pleasure to work with and I thank Sue Cheney, Annie Yabsley, Tracey Horner, Jill Weisse, Bec Marshall, Kathy Sharkey, Nan Crawford and every now and then because I needed male company Mike Crawford and Gary Yabsley. As a weekend of celebration it was the best one in a hundred years and a fitting tribute to the approximately 7,000 members who have donned the royal blue and white of the Dee Why SLSC.

The next big event on the Dee Why surf sports calendar was Rescue 2012 World Championships in Adelaide held from 5 November until 18 November. We again took away a dedicated team of Marti Quinn, Cam Wiley in the Masters and Emma Jeffcoat in the Youth Championships. Cam convinced some poor pommie that his chances of success lay with us so Andy 'Milky' Byatt joined the club and competed for us in Adelaide. Andy was in Australia on a Churchill Scholarship as he is employed by GB Surf and was working with SLSCA and several of the State organisations over a couple of months and so he was able to join us and helped us feature in the point score for the Masters with a third in the 30 to 39 Ironman and Cam claimed a bronze medal in the 50 to 54 Ironman. Several other events were contested with our likely best result being a third place in the 140 years Taplin Relay until Cam had the unfortunate occurrence of a Canadian competitor still going seaward on the board came into contact with Cam's head as he was in the swim leg going out. Cam claims concussion set in at this point but continued the event only to round the swim buoys and have the Canadian hit him again on the way back in. We think the second blow may have caused the most damage, Cam collapsed across the finish line into the foetal position claiming injury etc. which was duly noted by the officials who were discussing if he had crossed the finish line on his feet!! He declined further involvement in the competition that day which we thought was a bit rough.....not like he had lost a limb or anything!!!

Our representation heated up the moment Emma Jeffcoat hit the beach in the Youth World Championships. Emma was a finalist in the Iron Women, Board, Swim and Ski not a bad effort for a one women team, but her triumph was in the 2km Beach Run where she strooted the field to win gold and become the Australian and World Champion in her age group.

While all this was going on the return of Ocean Thunder happened after a seasons break with another fabulous effort by the club hosting the event for the four rounds in November, December, January and February. Our girls crew the 'Oh La La's' acquitted themselves well and were in the hunt for a series podium finish until the last round was cancelled after only one row because of the big surf. Mention should be made of the commitment to their sport exhibited by Aleshia Pollicina, Carla Ellis, Kelly Graham and Laini Collyer who travelled at least twice a week to training from the Central Coast, travelled to carnivals all over the State and of course to patrol at Dee Why, a fantastic effort. In addition when they were available they came and helped out at the fundraisers always travelling down from the Central Coast.

February rolls around and introduces a month which will be the biggest event month in the clubs history. On the first weekend after Dan and Mary Payne's wedding on the Friday night we have the combined Sydney Morning Herald Sun Run and followed by a day of Ocean Thunder. Sydney has not seen rain like it for so long and it is a difficult day to get the troops motivated and out of bed on a wet morning however they turned up in force and just got on with making sure 6,500 runners had a great event and they stayed around to help set up for the Thunder. However if we thought that 6,500 was a big number the next weekend was to provide us with a spectacle not scene on Dee Why beach since the 1975 Australian Championships.

One of our Centenary celebration events was to host the Sydney Northern Beaches Branch Championships. In fact by the time we reached this weekend we had already hosted the Branch Board riding Championships at which the Dee Why club board riders excelled and two nights of theory for the Champion Lifesaver and Patrol Competition. Thankfully Brookvale Insurance Brokers came on board and supplied us lime green work party shirts which made us easy to find which was going to be a godsend at one of the Championships.

Saturday was the turn of the Master, Life Saving and R&R events to be completed. Dee Why beach of course reverted to its usual summer state of high tides and sea weed from the corner to the pole with in some places the weed feet thick in the water. Things went well and we finished the day feeling like hosting the Branch Championships was not that difficult. We were in for a shock.

Sunday at 5am we started to arrive to set up the beach for the Nippers Championships, however we were beaten to the beach by several other clubs who had set up tents parked trailers etc. sometime in the early morning. The onslaught of people never stopped throughout the day and because of the weed and high tide the program had to change and we had to be flexible in our set up procedures to meet the demands of the event. The club tents started at the walkway north of the club and went to Long Reef so that became the extent of the competition arena with the addition of the main beach area in front of the club.

The BBQ had the biggest day in its history and we were thankful that a team from Officeworks came along and helped out, in all I counted 12 people working on the BBQ all day with only some of them getting a break. There wasn't a roll, piece of bread or sausage left in Dee Why by the time we finished. I think the shortest I saw the line was with forty people and to add to the chaos in that area the guys from Chill Bar brought their mobile coffee cart down and were flat out from about 7am to 2pm. This is a day that will go down in the folklore of the Dee Why SLSC for the size of the crowd on the beach and the efforts by so many club members to make the day a success.

By comparison the following weekends Open Championships were a very tame affair with still a good crowd, and of course the weed, but nowhere near the chaotic scenes of the previous Sunday. While the outcome was a successful Branch Championships, lots of medals with high hopes for the Branch Handicap point score, a very tired work force and some nice funds in the bank I think it is only the Treasurer that thinks we should do this every couple of years. For me it is a once in a century event.

Having hardly drawn breath we were into our next event to celebrate our Centenary with a civic reception by Warringah Council. It was pleasing to have our service to the community recognised in such a special way and the night was made even more memorable with the presentation by the granddaughter of a club member who attended our second surf carnival in 1915 notable for the first paid display of surf board riding by Duke Kahanamoku. Lynnette Smith's grandfather had the Duke sign a copy of his competitor disc and she presented the club with a framed replica of that program with the Dukes signature displayed.

The State Age, Masters and Open championships was next on the club program with only small teams attending with results elsewhere in the report. One of the impositions that clubs now have when competing at State and Australian championships is the provision of officials and IRB crews for water safety. I would like to thank Grant Marshall, Roger Jacobs, Matt Molinia, Warren Hannam, Steve Richards and Hugh Long who provided water safety at various times throughout the three Championships with Grant, Warren, Matt and

myself also officiating. Without their assistance the club would not have been able to compete.

Our next event is one of our major fundraising events the Sun Herald Surf Swim. NSW had a summer of big surfs and closed beaches and we had already postponed the Dee Why to Manly swim due to be held in early February and changed it to a Manly to Dee Why swim to be held on this day. The day before the swim the surf was large and the beach closed again as it had been for the last seven days. It did not auger well for the Sunday. At dawn we were met with still large seas but they were rising and at the appointed time for the start it was expected to be 3 metre swells heading into Dee Why beach. Needless to say it was cancelled and postponed to 24 November this year. Disappointing for everyone but definitely the correct decision.

Finally the Aussies came around after being moved out of the Queensland cyclone season and relocated to North Kirra and Tugun for the boats. The surf that had been pounding the NSW coast had also done its best in SE Queensland and Tugun beach no longer existed so the boats were moved to North Kirra. Results are elsewhere in the report but there is no doubt that the stand out performances were from the board riding team coming home with two silver and three bronze medals from nearly three hundred entries. Emma Jeffcoat also excelled with a gold medal in the U/19 2km Beach Run making back to back wins in this event as well as being a finalist in the U/19 Iron women, single ski, board and swim and teamed up with Madi Quinn to feature in the final of the Open double ski. It would be remiss of me not to mention the role Paige Wiseman played in stepping up to the Open female team events with Emma and Madi. At her age of 16 it was a tremendous effort especially when you consider in the board relay in her leg she was up against Courtney Hancock on one side and Brodie Moir on the other, both female superstars in surf Life Saving.

For over twenty years the gym has worked with an uneven floor which limited the useable floor space. Prior to the season saw some dedicated club members get in and firstly jackhammer the floor and

then the day of the big concrete pour which saw long time member Ben Yabsley take command and work the barrow with the mud (I have all the technical terms down pat) ably assisted by Ben Davies and Dan Payne. Meanwhile inside Grant Marshall, Marty Quinn, Roger Jacobs and the fantastically attired Peter Hatfield worked on levelling the concrete (I am sure that there were others on the day so thank you to them as well). Meanwhile Phil Thomas and I had the strategic job of keeping out of the way, counting the barrow loads and enjoying the sunshine.

Around this time we convinced Vaughn Williams to take over as Gym Manager and he approached his first Committee meeting in that role with a \$20,000 wish list; and he did pretty well at getting what he wanted.

With some new machines and several of the older but still useable machines refurbished the renovated gym re-opened on time and within budget. A huge thank you to all those that assisted in the process and to the members' patience while the work was done. Of course everything has a price and you will notice a slight increase in gym membership fees which reflects the quality of what is now on offer.

All members would be aware of the tragedies at recent Australian Surf Life Saving Championships. SLSA flagged that it intended to make it compulsory for all members training or competing in the water in SLSA approved activities to wear florescent pink vests. While this was not to come in for two years the Club decided to go on the front foot and compel Nipper members to wear the vests on Sunday mornings and when training for competition and when competing. Steve Scott and Matt Molinia approached the Dee Why Grand Shopping Centre to gauge their reaction to a three year sponsorship of the pink vests for the Nipper section of the club. They immediately grabbed the idea as another way of supporting the Club and getting their message across to the crowds of people who flock to Dee Why Beach. They also came on board when we decided that all senior members of the Club should also follow suit and train and compete on the same basis as the Nippers.

I have undertaken a program of sourcing and applying for grants from all levels of Government and the private philanthropic sector of the community. We have had much success in this area with the receipt of a grant from the Australian Department of Families, Housing, Community Services and Indigenous Affairs for a state of the art IRB radio. We have again applied in this years' round for two training defibrillators and a baby training defibrillator. Speaking of defibrillators we have supported the Manly Women's' Shelter by providing the clubhouse for their fundraisers and in return one of their Executive Ellie Hunt purchased for us two training defibrillators which they presented to the Club in May. Officeworks who assisted us with the BBQ at the Nipper Branch Championships also helped in fundraising for an active defibrillator which was presented to the Club in late April and will be housed in the Betty Barry room.

We were unsuccessful in our Dollar for Dollar application for an All-Terrain Vehicle (ATV) however we were successful in receiving one at half price from the SLSA and BRP Powercraft Equipment Grant for a Commander 800 ATV. A similar vehicle was a real workhorse for us during the Branch Championship weekends and is the final piece of equipment to make the patrols full self-sufficient in towing the patrol trailer (another \$4\$ grant success), IRB and for general set up use at events. The vehicle is away being serviced as I write this report and will be ready for the first event the Rocks to Reef Ocean Series Ski Race in mid-September and then for patrols.

One of the items that has been missing from our Life Saving resources is a public address system to allow us to effectively communicate with the public at times when that is most important

like in the case of a lost child. When Council replaced the roof on the clubhouse we had them place wires for a PA system in the relevant places for when we ever acquired one and through a grant from the NSW Government Department of Trade & Investment and the excellent work of installation by club member Roger Jacobs the PA system is now installed ready for the new season. It is hoped that Council will extend the speakers around to the rocks off the light poles so that the patrol and Lifeguards are able to section off the beach for announcements thus making it even more effective as a communication resource.

Our long association with Dee Why RSL continues to flourish and this year after informal discussions we returned to a donation program that allows us to more adequately plan our expenditure as it is provided to us at peak times throughout our season. As it was our Centenary year I decided that the surf club should strengthen its ties with the RSL Sub-Branch and so on Anzac Day at the Sunrise service held at the RSL Club I laid one of our Centenary books at the Cenotaph to be distributed to a local school. I hope that future Presidents will continue this initiative.

Ausgrid has been a sponsor of Surf Life Saving Sydney Northern Beaches for many years and as such provide support to each of the 21 clubs. Ausgrid also support the Central Coast and Hunter Branches however this season they took their sponsorship one step further towards a practical solution to increasing electricity prices and building a sustainable world. Dee Why along with Avoca Beach on the Central Coast and Caves Beach in the Hunter area were selected for a retrofit and over \$50,000 was spent on our club alone with new fridges, complete replacement of all lights with efficient globes, new solar hot water with gas back-up and updating all exit signage to current standards. We now have access to an Ausgrid website which we can monitor our electricity usage by the hour allowing us to determine if there needs to be remedial action taken. Warringah Council have also done their bit to assist with reducing our electricity costs by recently installing more solar panels which along with the Ausgrid improvements should see a definite reduction in our usage and hopefully a reduction in our costs and provide a far more sustainable building.

We have a close relationship with Brookvale Rotary who has taken over the running of the Pub2Pub the last few years; in fact they presented us with a \$3,000 gift for our Centenary celebrations this season. Recently I was asked to nominate members for their Community Service Awards and it is pleasing to record that Sue Cheney and Matt Molinia were recognised for their contribution to the surf club and the community at large; both very worthy recipients.

I was very pleased to accept a position as a judge on the Warringah Council Australia Day Awards panel, probably something I should have considered more closely as the judging was done on the evening I flew back in from London, however it was amazing to see the variety of people working very hard to assist others in our community and it was particularly pleasing to have club member Taylah Davies be recognised with an Outstanding Community Service award. Taylah received the award for her work with a school Hip Hop dance troupe which she has taken the lead with the rehearsals and fundraising at times using the surf club.

Early in the season your club was honoured with a Certificate of Commendation at the NSW Parliament Community Service Awards for our Centenary of Community Service. On the afternoon of the awards ceremony I was at the World Championships in Adelaide so Denise Gammie and Liam French represented the club and accepted the award on behalf of all of us.

Part of that community service was again recognised when we were approached by Gary Martin father of former professional surfer Toby

Martin who was organising surfboards and rescue boards to be sent to Naru for the newly formed Naru Surf Life Saving Club. SLSA wrote a letter of thanks for our contribution and the world's newest surf club commenced operations in early May. This continues our history of helping new surf clubs in developing nations following on from the work done by Nelson Chad and others in Bali many years ago.

Several months ago I was approached by club members and asked if I would consider discussing the setting up of a Nelson Chad Foundation to benefit club members. Preliminary discussions with Kerryn Chad gave us the go ahead to progress the matter and currently we are seeking pro bono legal services and sounding out potential Board members to implement and monitor the ideals expressed within the Foundation Charter which of course will reflect the ideals of Nelson.

When I took the role of President one of the areas that I had identified that was under-utilised was the hiring out of the various club rooms to the community which allows us to raise significant funds for club use. In fact under our Deed of Grant we are required to make the Swan Lounge available for community use. It is pleasing to report that Bec Marshall has taken to the role of Function Manager and has spent considerable hours ensuring that the club has a regular income stream. We are starting to attract the corporate sector who are discovering our facilities and making improvements like installing IT equipment which will allow us to offer that at an additional cost.

Of course Bec is only one of the people who have contributed to making this Centenary year such a success and stand out. Many have already been mentioned however to my Deputy President Marty Quinn, Secretary Liam French, Treasurer Dave Lang, Club Captain Denise Gammie and Junior Development Officer Matt Molinia my gratitude for your commitment this season, one which has included many additional events testing your skills to the utmost. Of course without the rest of the Management Committee our jobs would be so much more difficult so to Chief Instructor Vaughn Williams, Assistant Chief Instructor Caroline Guernier, Registrar (and so much more) Sue Cheney, Vice Captains Peter Firminger, Darren Armitage and Steve Richards, Competition Manager Phil Thomas, Boat Captain Steve Scott, IRB Captain Alan Skinner, IRB Vice-Captain Herve Viechmont, Board and Ski Captain Pete Hatfield, Cadet Co-ordinator Roger Jacobs, Facilities Building Manager Grant Marshall, First Aid Officer Sam Skinner, Nipper (Parent) Representatives Warren Hannam and Roger Jacobs, Youth Representative Jack-Henry Bryant, Licensee Peter Greenow, Radio Officer Ross Gammage, and Head Coach Marty Quinn thank you all for your contribution and support in the running the club.

Of course assisting these people in their roles are a number of people such as our BBQ Co-ordinator Dannealle Hannam, Uniform Shop Manager Janine Portelli, our Club Coach Scott Mortimer, and our BBQ King and Queen Ivor Rees and Mary Gason among many others who have assisted so much over the past season.

Of course to even open the doors to provide our unique service we need the assistance of our many partners so to the Branch who certainly has a role to play in the life of the Dee Why SLSC and to President David Murray, CEO Steve McInnes and the rest of the Branch Executive I thank you for your support of the Club and to the staff of the Branch thank you for all the assistance you provided to myself and other Club members on so many occasions.

Overarching all of our activities is the very important role of our benefactors. To Warringah Council and Mayor Michael Regan and CEO Rik Hart and all of the Councillors and staff thank you for providing valuable assistance in maintaining our clubhouse.

To the partners of our Club, Taste Living Brookvale, Fairfax Events, Dee Why Grand Shopping Centre, Dee Why RSL, Bennett Boards, Big Brother Movement, Raine & Horne Dee Why and Collaroy, Reilly & Sons, Mason & Brophy, Chill Bar, Wavescape Orthodontics and our newest sponsor Deck Bar and Dining and all those employers of Club members who are unaware of their valuable contribution thank you for your new and continued support.

To the Branch sponsors Ausgrid Australia, Coca-Cola AMATIL, Streets Ice Cream, DHL, Westpac and Telstra thank you for providing the funding to keep the Branch operating and allowing them to provide the services they do to the Club.

And so to the future....with the number of initiatives completed over the last three seasons the club is on a sound footing to take full advantage of the opportunities they have provided however we cannot rest on our success but continue to strive for improvement and seek out ways to be smarter in the way we operate.

One area that is always on the agenda is securing long term funding for our operations and as I write this report in late May there has been an approach by a Councillor opening discussions on ways in which we may be able to secure funding by utilising parts of the clubhouse. While discussions are in a very early stage, and in fact may not necessarily proceed much further, our past experience with Council has been long and drawn out negotiations so it is hoped these discussions will bear fruit in a timelier manner.

I had several projects that I wanted to see completed in my time as President and most of those have reached their conclusion although there are a couple more new ones that are still in development which I will see through before I call time in this role. I see a five year window of opportunity before one becomes stale and the organisation needs new enthusiasm and direction from among our talented membership. Having completed three years, and without being knocked over in the rush of people clamouring for the position, it is my intention to complete two more years before handing over. So all those budding Presidents out there, and a few of the younger members have expressed to me where I have gone wrong so maybe it is time for an under 30 years of age President?

In thinking of a conclusion to my report I thought back to how I started it and I think the words I used to conclude my speech at the Centenary Dinner cannot be improved upon and so in conclusion:

The people that need to be thanked are those that met on Dee Why beach on the 12th October 1912 to elect the first Committee of President JH Rose, Honorary Secretary FC Bauer, Honorary Treasurer M Mahony and Club Captain H Bloomfield.

Fifty years ago EJ Thomas concluded the Drowning Don't Die with "There are many more stories of Dee Why and of the men who passed through the club's portals; incidents and characters. They have bequeathed a legend from the clubs first 50 years, and now, as the club stands on the threshold of further years of service and progress, more incidents and more characters will make a mark on the future that lies ahead. The year of the clubs centenary should, indeed, be a noteworthy epoch".

"Those early members left a heritage, exemplified over the intervening years, which has placed the club in the proud position it holds today".

Those words have stood the test of time and provide a fitting end to my report on the Centenary year of the Dee Why Surf Life Saving Club.

SECRETARY'S REPORT

by Liam French

As Honorary Secretary of Dee Why SLSC and with this our centenary year, I am pleased to edit and present the 2012-2013 Annual Report.

Clocking up 3 years in this role, I have seen Dee Why SLSC serve the local community with commitment and dedication. I'm confident that the strong leadership of the committee with their focus on a clear plan for the future will ensure the club's continued success.

I have had many come to my aid throughout these past seasons; including our President, Simon Moriarty, our Vice President, Marty Quinn, Treasurer, David Lang, Club Registrar, Sue Cheney and our Club Captain, Denise Gammie. I know there are many others that I have forgotten - to you I am also very thankful.

In my tenure as secretary I have found that utilising technology such as Internet applications and social media platforms, have proven to be an extremely important communication and promotion tool for the club. If I could give my successor one piece of advice it would be to embrace this wonderful (and time consuming!) medium and vigilantly preserve the value it brings to our organisation.

I have no doubt that the next elected to fill the Secretary position in the 2013-2014 Season, will continue to actively contribute to the advancement of the club utilising all available resources.

TREASURER'S REPORT

by David Lang

Trust Funds

Since 1975 when the late Frank Conroy established an anonymous donor fund, the club has been the beneficiary of a number of bequests. Committees of the day have nominated these funds outside of general income either by virtue of conditions attached or a desire to provide for the long term future of the club.

Frank Conroy Scholarship

At the time of his initial donation, Frank expressed the wish that the funds be established to help junior members improve their competitive abilities. To date, grants have been made to junior members to assist in subsidising their costs on professional instruction. In his will Frank hoped, without binding the club, that the funds should continue in this vein. To ensure that Frank's scholarship continues to support junior members, the committee decided to put some restraints on the monies. It was decided:

- Only the annual interest accrued on the capital be allocated for assistance
- Candidates are chosen through selection criteria laid down by the junior and senior club committees.

James MacLachlan Fund

Jim MacLachlan was an associate member of the club from 1955 who on his death in 1981 provided for us as a beneficiary in his estate. No specific conditions were attached to the grant. The funds have been invested and the income has been applied at certain times to defray costs of the club patrol efficiency competition.

Betty Barry Memorial Scholarship Fund

The Betty Barry fund was established by the then Ladies Auxiliary to remember the contribution of their late President and Life Member. The club now administers the fund in similar terms and conditions to the Frank Conroy Scholarship.

Statement by Members of The Committee

The committee has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the committee the financial statements as set out on the following pages:

1. The accompanying income and expenditure statement is drawn up so as to give a true and fair view of the profit (or loss) of the association including fundraising appeals for the last financial year;
2. The accompanying balance sheet is drawn up as to give a true and fair view of the state of affairs of the association including fundraising appeals as at the end of the financial year;
3. The provisions of the act, the regulations under the act, and the conditions attached to the fundraising authority have been complied with by the association, and;
4. The internal controls exercised by the association are appropriate and effective in accounting for all income received and applied by the association from any of its fundraising appeals, and;
5. At the date of this statement there are reasonable grounds to believe that the association will be able to pay its debts as and when they fall due.
6. The accounts and associated records have been properly kept during the year, and
7. Money received as a result of fundraising appeals conducted during the year has been properly accounted for.
8. The principal activities of the association during the financial year were the provision of lifesaving services and no significant change to these activities has occurred.

The accounts of the Association have been made out in accordance with applicable Accounting Standards, other mandatory professional reporting requirements, the provisions of the Associations Incorporation Act 2009 (NSW) and the Charitable Fundraising Act 1991 (NSW).

This statement is made in accordance with a resolution of the Committee and is signed for and on behalf of the Committee by:

President: _____
S. Moriarty

Treasurer: _____
D. Lang

Certificate by Members of The Committee

I, David Lang of Dee Why Surf Lifesaving Club Inc., certify that:

- (a) I attended the annual general meeting of the association held on 28 July 2013.
- (b) The financial statements for the year ended 30 April 2013 were submitted to the members of the association at its annual general meeting.

Dated: 28 July 2013

Committee Member: _____
David Lang - Treasurer

Independent Auditor's Report

TO THE MEMBERS OF THE DEE WHY SURF LIFE SAVING CLUB INCORPORATED

Report on the Financial Report

We have audited the accompanying financial report, being a special purpose financial report, of Dee Why Surf Life Saving Club Incorporated (the association), which comprises the balance sheet as at 30 April 2013, and the income and expenditure statement and cash flow statement, a summary of significant accounting policies, other explanatory information and the statement by members of the committee.

Committee's Responsibility for the Financial Report

The committee of Dee Why Surf Lifesaving Club Incorporated is responsible for the preparation of the financial report, and has determined that the basis of preparation described in Note 1 is appropriate to meet the requirements of the NSW Charitable Fundraising Act 1991 and Regulations, the NSW Associations Incorporation Act 2009 and is appropriate to meet the needs of the members. The committee's responsibility also includes such internal control as the committee determines is necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. No opinion is expressed as to whether the accounting policies used, as described in Note 1, are appropriate to meet the needs of the members. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditors' Opinion

Qualification: Donations and Fund Raising Activities

It is not practical for the Dee Why Surf Life Saving Club Incorporated to maintain an effective system of internal control over donations and fund raising activities until their entry in the accounting records. Accordingly, my audit in relation to donations and fund raising was limited to amounts recorded.

Original signed copy held on file at DYSLSC

Qualified Audit Opinion

In my opinion, subject to the effects of such adjustments, if any, as might have been determined to be necessary had the limitation discussed in the qualification paragraph not existed, the financial report of the Dee Why Surf Life Saving Club Incorporated presents fairly in all material respects the financial position of the Dee Why Surf Life Saving Club Incorporated as at 30 April 2013 and of its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements, and the NSW Charitable Fundraising Act 1991, the NSW Associations incorporation Act and the club's constitution.

Basis of Accounting

Without modifying my opinion, I draw attention to Note 1, which describes the basis of accounting. The financial report has been prepared to meet the above requirements. As a result, the financial report may not be suitable for another purpose.

Auditor's Independence Declaration Under Section 307C Of The Corporations Act 2001 To The Director Of Dee Why Surf Life Saving Club Incorporated

We declare, that to the best of our knowledge and belief, during the year ended 30 April 2013 there have been:

- (i) no contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.

Notes To The Financial Statements For the Year Ended 30 April 2013

1 Statement of Significant Accounting Policies

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act NSW. The committee has determined that the association is not a reporting entity.

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of this financial report.

Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all PPE is depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

Depreciation

The depreciation method and useful life used for items of property, plant and equipment (excluding freehold land) reflects the pattern in which their future economic benefits are expected to be consumed by the association. Depreciation commences from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements. The depreciation method and useful life of assets is reviewed annually to ensure they are still appropriate.

Impairment of Assets

At the end of each reporting period, the association assesses whether there is any indication that an asset may be impaired. The assessment will consider both external and internal sources of information. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of that asset, being the higher of the asset's fair value less costs to sell and its value-in-use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is immediately recognised in profit or loss.

Accounts Receivable and Other Receivables

Accounts receivable are recognised initially at the transaction price (i.e. cost) and are subsequently measured at cost less provision for impairment. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

At the end of each reporting period, the carrying amount of accounts receivable and other receivables are reviewed to determine whether there is any objective evidence that the amounts are not recoverable. If so, an impairment loss is recognised immediately in the income and expenditure statement.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

All revenue is stated net of the amount of goods and services tax (GST).

Accounts Payable and Other Payables

Accounts payable and other payables represent the liabilities at the end of the reporting period for goods and services received by the association that remain unpaid.

Accounts payable are recognised at their transaction price. Accounts payable are obligations on the basis of normal credit terms.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the balance sheet.

CLUB CAPTAIN'S REPORT

by Denise Gammie

Everyone deserves to be listened to and heard. I enjoyed listening to you all, some of you drove me nuts, but I wouldn't have it any other way. We have a melting pot of experience, old and fresh ideas. Without being driven nuts, I wouldn't have seen alternatives or different ways of doing things, fresh suggestions and the like. You take what you need and think will help the majority. This is what I took away from my time again this year as Club Captain and I thank you all for your thoughts and suggestions.

We had an amazingly busy year which I know will be covered in other reports. Not least of all it being our Club's 100 years. What an awesome year to be involved with the club plus the swims, runs, competitions that we hosted at our gorgeous beach. Thanks to the many hands that made light work, then went on to patrol!

Due to the many events our club was hosting, this was one of the most challenging years in setting a patrol roster. So many aspects must be taken into consideration and it takes a team of people from across the club to put heads together & come up with a roster that is fair for all. I thank you patrolling members for stepping up and making sure that you covered your patrols, whether yourself or arranging a substitute. To those that were the substitute for many a

member, you are worth your weight in gold. Thank you. Some of you covered many a patrol, sometimes at the last minute, for this I sincerely appreciate everything you managed to do.

We've run many bronze, crew & driver courses this season. It has been wonderful to meet these new members and introduce them to patrols. It was also great to see many of our SRC's step up and gain their bronze award. These are our leaders of the future and I hold a sense of pride for these fine young men & women and know they'll do an awesome job. Many have or are stepping up to more responsibility and they have taken to it...well like ducks to water.

We managed to perform once again a staggering amount of hours on the beach.

- We had over 400,000 visitors to our fine beach.
- We had more than 220 first aids performed
- We had more than 95 rescues performed
- We had more than 1820 preventative actions performed. This is important, prevention leads to less rescues, phew!
- We had over 15 beach closures, still brings out the crowds though!
- Remember our shark alarm day – that made the news as you may recall, that shark took a chunk out of Lifeguards Danny's board.
- One of my favourite statistics, we all patrolled over **7,480 hours**. Thank you for those hours of volunteer service.

Once again, please make sure you're completing the patrol log correctly, in full and in a legible manner is important. These statistics get collated & only help our cause.

Our patrol inspections went well for the most part. Please, wear your uniform. The skull cap is most important. It identifies who we are on the beach.

Housekeeping is important; it does not take much to keep the patrol trailer clean. Take your rubbish with you – it's not a bin. I even made a "lost clothing bin". The amount of clothing that was left behind was amazing.

Remember to look after the equipment; including the boards. We work hard to secure sponsorship/funds, so it's disappointing to see boards thrown haphazardly into the patrol shed. Come on people, look after the gear please.

This follows to the radios. Our esteemed guru Ross Gammidge was often seen pulling out what hair is left on his head at the state some of you left the radios. Fair shake of the sauce bottle guys, don't put wet radios on the radios. Fair shake of the sauce bottle guys, don't put wet radios on the radios. Fair shake of the sauce bottle guys, don't put wet radios on the radios. They may well be put under lock & key next year. We are a volunteer club; it's hard to come by gear; can we please look after what we have. Thank you to Ross for looking after all the radios. We will have a big new marine radio ready for the IRB's for next season.... Stay tuned.

Thanks to you all for making sure you are proficient & financial. If you want to continue to volunteer as a patrol member; it's up to you to make sure you are proficient. The chief instructor is always willing to assist/discuss this with you.

My congratulations to the following members recognised for their outstanding contributions:-

100% Patrol Attendance

Mitch Beaumont, Kate Berry, Jack-Henry Bryant, Rowena Clarke, Vivienne Cresswell, Ben Davies, Peter Firminger, Denise Gammie, Steve Haggett, Warren Hannam, Peter Hatfield, Anne Henshaw, Adam Hockley, Rae-Maree Hutton, Anthony Kirillov, Torsten Lachmann, Allen Lakeman, Hugh Long, Jason MacBride, Vern Mitchell, Matthew Molinia, Gloria Nassif, Simon Navin, Michael Polley, Steven Polley, Gregory Punch, Sandy Rastogi, Ivor Rees, Sarah Rees, Justin Sharkey, Peter Sharkey, Allan Skinner, Rob Stephens, Reid Tucker, Ron Tyson, Herve Vichemont, Timothy Wainwright, Cindy Waldock, Mark Williams, Catherine Wyllie, Gary Yabsley, Adrian York

Top 10 Female & Male Patrollers

7.	Allan Skinner	167.0
8.	Philippe Santoni	140.5
9.	Hugh Long	123.3
10.	Matthew Brody	110.0

I would like to give a special mention to Connor Tyson who patrolled 109 hours on the beach this season. A wonderful achievement for one of our SRC members.

Some of the above members have many hours included at the radio room of Surfcom.

I can't thank enough the Club Captains team comprising the ageless Peter Firminger, Steve Richards, and Darren Armitage. These guys were my eyes on the beach when I couldn't be there, they attended meetings with me and made sure that our patrols were covered. They were my eyes & ears and sounding board.

There was a small bunch of patrolling members I could contact who were always willing & able to help when patrols were light on of certain awards. My personal thanks coming your way; your assistance was extremely appreciated.

Thank you to the committee for your continued support; and thanks Simon for being able to unearth the most amazing grants; many which we were awarded with the highlight being the ATV which will be in operation from season 2013.

I send my thanks to the Warringah Lifeguards who we worked well together with this season; with a bunch of new faces there.

I'd also like to thank the gang from Orange who managed to put in a good number of hours on patrol; the SRC girls and of course now Colin, John and Amber having attained their bronze. I look forward to many more years of friendship and seeing you visit for patrols.

My thanks go to the training team, we had a huge amount of SRC & Bronzies come through; together with new drivers & crew. Thanks to Allan Skinner for maintaining the IRB's and making sure we have many more drivers & crew.

My personal guru Sue Cheney who can crunch a report out of anything, who is a tireless worker around the club finishing up with being our chief boss lady in sorting out the presentation night; I sincerely thank you !!

Thank you Ivor & Mary always there to cook up a storm on the BBQ. Big shout out again to Matt Molinia for preparing another mouth-watering feast at the end of the season. Simply sensational.

Most of all, thank you patrolling members, all of you, for giving up your time to help at the club, whether it be patrolling, education or events or simply whenever you could do something. Keep on driving each other nuts!

Take care of yourselves, see you on the beach.

IRB REPORT

by Allan Skinner

Well how quick did this season go? We started the season with the four IRBs; we sold one to a club member and purchased a Soft Hull as a replacement. We also purchased a new Fuel Cabinet for Safe storage of our fuel containers, with another to follow in the off season to safely store the Bladders; this will keep us compliant with Work Cover OH&S. Please make sure you are aware of the guidelines which are easily visible on the board.

I have been trying to keep a tight hold on the maintenance to reduce the pressure on the team as we start the next season. I am confident that next season we will get 100% at gear inspection. Thank you to those that have given their time to help with the maintenance during the season. Also next season I will also be looking at purchasing an IRB to replace the Nipper IRB as it is getting old and the cost of keeping it operational will soon exceed its value. We have a register of members' names that wish to purchase an IRB or a Motor, so any member that wishes to do so please contact me and I will put you on the list.

We will be taking delivery of a ATV (All Terrain Vehicle) for next season, how good this will be allowing us to be independent to carry our own equipment to and from the beach, no more pushing the IRB up and down the beach.

It's important to recognise and thank all those that drove and crewed an IRB for last season, with several rescues performed and with no loss of life. This truly validates that the IRB is one of the most vital pieces of equipment that we Surf Lifesaver's have to call upon to successfully conduct a rescue in large seas. The IRB Department is constantly striving to make the activity of driving and crewing as safe and pleasurable as possible for our members. I do still attend all IRB Branch and State meetings and always put your concerns and queries forward as the IRB Captain and representative of the Dee Why Surf Club Drivers and Crew. Ultimately we are still governed by those policies and must abide by them. New or amended policies that are developed over the winter months will be presented to all Patrol Captains and IRB drivers and crew during proficiencies.

I would like to take this opportunity to thank all those that helped this season, not only Volunteering on our beach but volunteering to assist in other clubs Patrols and helping with water safety for their events. Our club receives points allocated to us by branch, which helps towards our club awards, so well done guys.

This season just passed, we were not so busy due to the weather but with over 400,000 people visiting our beach; we managed to have a driver and crew person on every patrol, some patrols have the luxury of more than one for each patrol. Thanks particularly to all patrolling members – in giving up your valuable time. You have made it one of the safest beaches in Australia to visit. You should be proud of the colossal efforts that each and every one of you put into ensuring that all our visitors on our Dee Why beach went home safely.

Maintaining the IRB equipment is expensive and I appreciate the care that is taken to preserve our valuable equipment. Some points to remember: Over-inflation can create just as much harm as under-inflation does pushing the unit unnecessarily harshly through large surf. It is recognised that to keep up your skillset it is necessary to practice in challenging conditions but there is a delicate balance between safe vs reckless or dangerous activities for yourself and the public. Please remember the IRB is a highly visible and recognisable profile of our club with many eyes watching from the beach. It was good to see this year drivers practising in the surf, not just taking the IRB for joy rides. Also just one more reminder of the importance of keeping a check on the bladder and burping it every 15-20 minutes depending on the severity of the sun; as it is fully exposed until the

splash panel can offer it some protection.

Training: always the most challenging activity for the IRBs, but also the most essential and rewarding. Without new members joining the team of the IRB Driver and Crew we cannot continue to grow. My goal is the same as last year this coming season to encourage as many candidates to further their SLS training and to give the IRBs a try. To all new drivers and crew I would like to congratulate you and extend my gratitude to all IRB team members and look forward to seeing you back in action again next season.

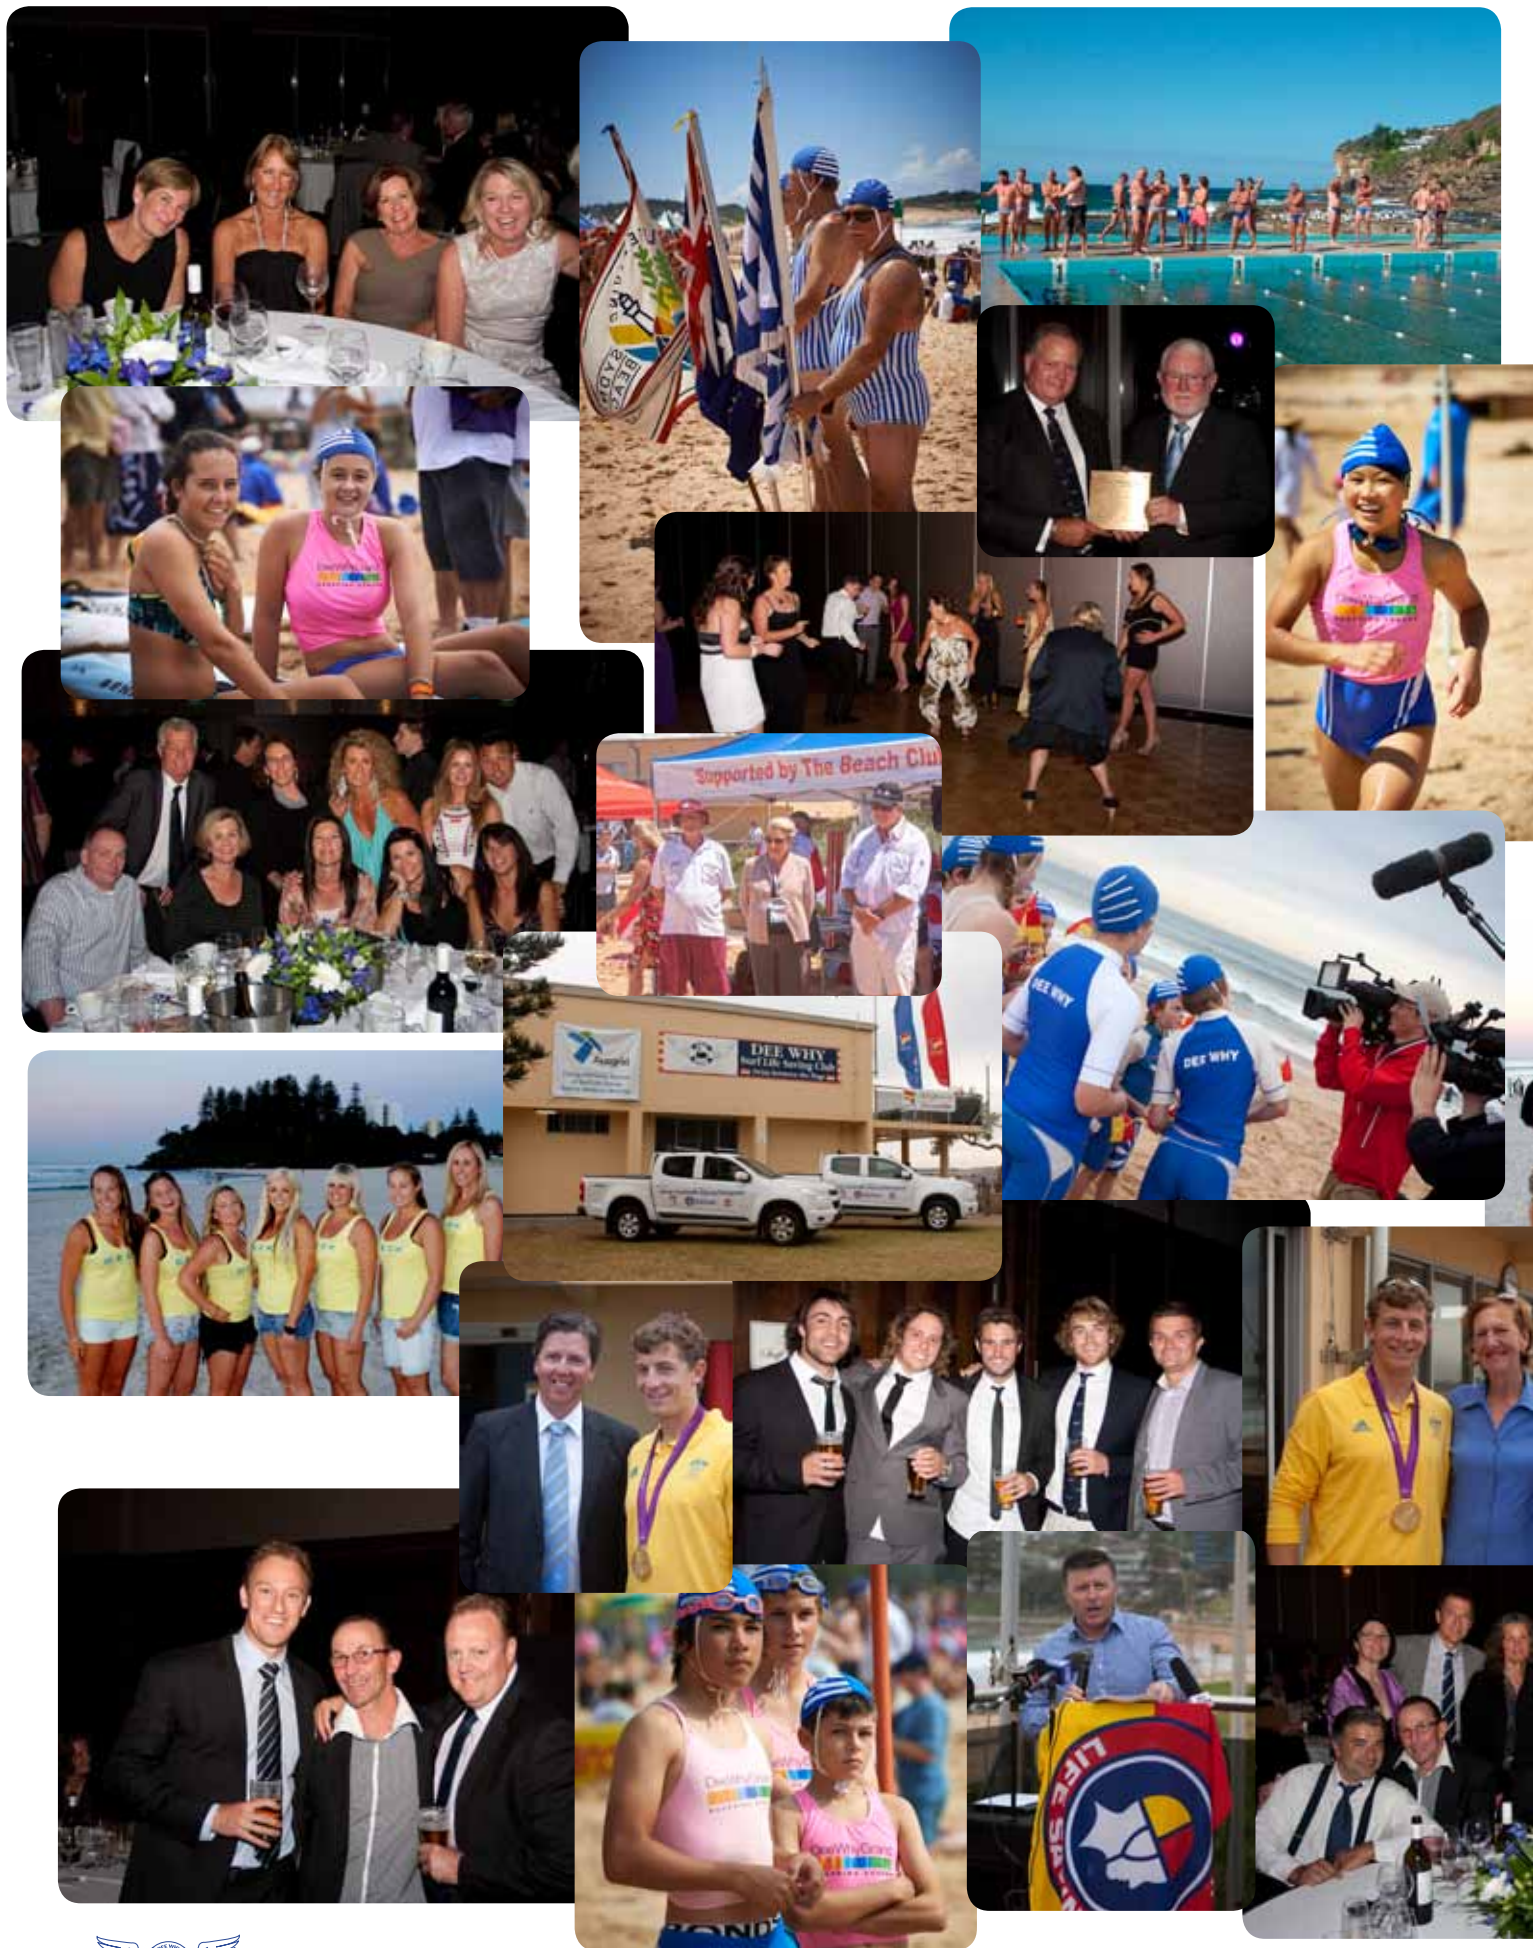

Congratulations go to all those that underwent their Crew or Drivers this season, with over 18 Crew and 4 Drivers that I personally put through their awards. Whilst on that subject I would like to thank Ron Tyson and Tim Wainwright for assisting on those courses. Tim And Ron will be doing their IRB Trainers award next season so get behind our guys as the more trainers we have the more flexible we can be to accommodate our members busy time schedules. I was proud to put through a high contingent of our younger patrolling members this season who are really taking the IRBs to another level. It's so good to see them out in the surf being so responsible; it's great to have members like that, as they one day will be running our club.

A special thanks goes to Herve Vichemont for being the Vice IRB Captain, great job Herve. I know you work odd hours, but every time I needed your help you stood up to the plate and got it done.

Finally, thank you to all those that in large or small ways have contributed to the success of the IRB this season, your dedication and diligence is highly valued and I look forward to working alongside you again.

See you on the Beach for another great season.

CHIEF INSTRUCTOR'S REPORT

by Vaughn Williams

A challenging yet rewarding training season was achieved at Dee Why during the 2012/13 season. A total of 113 awards were obtained by a high standard of candidate's being presented. The high standards are testament to the quality of training and facilitation of all involved at the club, be it the endorsed trainers or competency experts that partook in the delivery of training.

Proficiencies and Trainers

Excellent responses early on from all trainers and assessors in the season made for an easy structure for all proficiencies and training to be established. Thanks to all the endorsed trainers and assessors that assisted in getting members proficient for the upcoming season and delivering courses to new candidates.

Trainers, assessors and competency experts for the season 2012-13, Steve Haggett, Adrienne Lowe, Vaughn Williams, Greg Punch, Rob Stephens, Vivienne Cresswell, Bruce Richardson, Matt Molinia, Dave Spink, Darren Armitage, Allan Skinner, Hugh Long, Warren Hannam and Allan Lakeman.

The Club and I appreciate all the time and effort that is put in to making the progression of new skills an easy transition process for new and existing candidates undertaking training. We do this as a matter of choice to pass on our skills and knowledge to others, which allows the club to have continual growth and keep moving forward. Training and assessing is vital for survival of any volunteer organisation and I thank you all, encouraging another active year for the new season with great teamwork moving forward

SURF SPORTS REPORT

by Phil Thomas

In our Centenary Season, the competition arena was well represented by the Blue & White Cap of Dee Why, with numerous outstanding results. Congratulations to everyone who competed and proudly represented the club at all levels of competition.

Events covered this season include the Coolangatta Gold, Oceans Ski Series, NSW Endurance Championships, various Branch Carnivals (Boats, Beach, Opens/U15/U17/U19's, Masters, Surfing and Life Saving), Sydney Northern Beaches Branch Championships at Dee Why, NSW Championships at Umina/Ocean Beach and the Australian Championships at North Kirra Gold Coast. Dee Why SLSC competed in 31 events and hosting the Branch Championships at our own beach provided a fantastic opportunity for a large contingent to compete – 30 competitors in Surf Board Riding, 13 in Opens/U15/U17/U19's, 18 in Life Saving events, 19 in Masters and 10 in Surf Boats.

I'd also like to single out the efforts of the IRB drivers and crew who assisted at the NSW Championships providing the required water safety to allow the team to compete in the various events. This is a major consideration for next season as the team numbers grow and at both NSW & Australian Championships, it is envisaged that our club will be required to provide IRB drivers and crew as part of our event entry conditions.

Competitors make numerous commitments throughout the season which include personal training, team training and helping others develop their skills throughout the season and for future events. Not to forget their commitments to surf life saving patrols, a mandatory requirement to be a representative and competitor, along with the many hours spent alongside of the rest of the members in the various fundraising efforts throughout the whole year. A brilliant year from a very dedicated group.

Many thanks to the section heads and other supporters of the competition group – Marty Quinn, Steve Scott, Peter Hatfield, Grant Marshall, Steve Haggett, Matt Molinia, Simon Moriarty and Bec Marshall (accommodation negotiator); and of course to those who lent a hand along the way in assisting the team to their every success.

BEACH REPORT

Over the last couple of years, Dee Why has attempted to renew it's presence in the beach events. This year, being our Centenary year, with the Branch Championships being held on our home turf presented a great opportunity.

An outstanding competitor and Australian Gold Medalist from Last year, Emma Jeffcoat backed up again this year to take out the **U19s womens 2km beach run at the Australian and World Championships.**

At the branch Championships Jamie Listberger, with no training and just raw ability, took out the open men's 2km beach run convincingly. Harry Marshall, seizing an opportunity, grabbed himself a Silver medal in the 2km beach run at the Branch Championships.

A masters' beach team was put together consisting of a group where many had never seen a carnival before. Jude Collins, Darren Armitage, Dave Spink, Vern Mitchell, Alex Wyer and Matthew Molinia were the basis of the team who trained and competed at every opportunity. As Masters', there were issues with injury, but with assistance from Marty Quinn, Pete Sharkey and Cam Wyllie we were still able to compete in the team relays. Building up to the Branch Championships the team competed at the Freshwater and East Coast Masters gaining experience along the way. At the branch championships the team fared well in the beach relay even with our star and most experienced runner, Alex Wyer, injuring himself in the individual sprint. Cam Wyllie, a very strong water competitor and out of his comfort zone, stepped in with a shoulder injury and assisted the team to a Bronze medal. Several other branch results were achieved as follows.

EVENT	PLACE	NAME
40-44 FLAGS	1ST	VERN MITCHELL
40-44 BEACH SPRINT	1ST	VERN MITCHELL
OPENS 2KM BEACH RUN	1ST	JAMIE LISTBERGER
40-44 FLAGS	2ND	MATT MOLINIA
U15 2KM BEACH RUN	2ND	HARRY MARSHALL
40-44 BEACH SPRINT	3RD	MATT MOLINIA
40-44 2KM BEACH RUN	3RD	MATT MOLINIA
170+ BEACH RELAY	3RD	DARREN ARMITAGE/MATT MOLINIA/VERN MITCHELL/CAM WYLLIE
U17 FLAGS	5TH	ADAM HOCKLEY
40-44 FLAGS	5TH	JUDE COLLINS
40-44 BEACH SPRINT	6TH	JUDE COLLINS
45-49 BEACH SPRINT	6TH	DARREN ARMITAGE

Hopefully these results will encourage more competitors to represent Dee Why in the future years to come.

BOARD & SKI REPORT

by Peter Hatfield

Being our Centenary year, this season was always going to be one where every competitor gave 100% to get Dee Why in the record books.

Training for our team started in early September, and we trained almost every day. Three board sessions and three ski sessions weekly, with Saturday morning change overs and Sunday morning events always well attended. The competition between Masters and Open competitors always brings a healthy atmosphere to any session, friendly rivalry and the odd verbal dig, ensure the competitive spirit is kept alive.

Our Masters Competition team this year was Marty Quinn, Warren Hannam, Ben Davies, Wayne Weisse, Peter Sharkey, Geoff Crittle, Grant Marshall, Peter Hatfield, Cam Wyllie, and Chris Morgan.

Our Open Team consisted of Alex Lakeman, Justin Sharkey, Jack-Henry Bryant, Adam Hockley, Harry Marshall, Sean Wyllie, Daniel Rashleigh, Madison Quinn, Emma Jeffcoat and Paige Wiesmann.

Local carnivals, East Coast Masters, Freshwater Masters, Manly were well attended and were mostly warm ups for Branch, State and the Australian Titles later in the year.

Branch Titles

Hosted by our club for our Centenary, the pressure was on the host club to get a few medals on the water. Masters opened up our medal account with Gold in the 150 years ski relay Hatfield/Quinn/Wyllie. Silver in the 130 years Swim teams Marshall/ Wyllie/ Morgan. Cam Wyllie medalled in almost every event he entered, and I picked up my first individual Gold winning the 50-54 single ski, a medal I am very proud of.

Our Open competitors were up the following week. Dee Why turned on a perfect day for the carnival. Our team performed above expectations, Emma Jeffcoat showing the way medalling in the swim, Board, Iron Woman, Single Ski, and Open Double Ski with Madison Quinn. The mixed double ski saw three Dee Why crews take part, in the final, a first for our club.

This was our best Branch for many years with more tales of winning,

than hard luck, it was great to see hard work and luck coming our way at our home beach.

Australian Titles

Held at North Kirra beach Queensland, 24 competitors headed north to represent our club in the Masters and Open carnivals.

Competition at Aussies is tough and smaller clubs like ours vanish behind the giant tents and dozens of competitors from the larger Queensland clubs.

Dee Why rarely gets a mention except for when Punchy is on the mic. So it was surprising to hear the chatter of the crowd, when Emma Jeffcoat won the 2km soft sand run, leaving Jordan Mercer 16 seconds behind. "Where is Dee Why?" was heard coming of the lips of the defeated iron woman (I think she knows now). The giant killing continued throughout the week. Madi Quinn and Emma made our first Open women's double ski final finishing a credible 7th, Emma made the u 19 single ski, Swim and Iron woman finals.

Between some events Madi and Emma would cycle back to Coolangatta to compete in the Board riding. I don't think too many Sunday finalists followed this program.

Alex, Justin, Jack and Adam took it to the carnival in Board, ski and swim; the experience gained this year will no doubt make better competitors of them all.

Thank you to our board coach Scott Mortimer whose knowledge developed our team this year, Marty Quinn who assists board coaching and organises Saturday changeovers, Simon for being our official starter of Sunday morning events, and the Deck Bar for sponsoring the Touring team uniforms.

SURFBOARD RIDING REPORT

by Grant Marshall

Firstly I would like to congratulate all of the Dee Why competitors on an excellent year. It has been a number of years since Dee Why has been competing on Sundays at Championships from Nippers through to masters.

The Surfing teams first carnival, this year was the Branch titles at our home beach. Our team came away with a Medal tally of 8 gold, 8 Silver & 4 Bronze twice the medal tally of any other club in the Surfboard riding.

A special mention to the U/13 Girls Courtney 2nd, Emily 3rd & Ashleigh 4th competing in the surfing for the first time.

Next up was the State Titles at Umina, with Madi Quinn & myself taking out the Open long board riding in both Male & Female divisions. The ever consistent Geoff Horner taking the Gold medals for the 50 years plus divisions for Short & Long board riding. Madi adding a Bronze to her tally in the Open Female Short Board Riding. Alex Lakeman made his surfboard riding debut for the surf club with a 4th place in the Open short board riding. I also collected Silver for the over 40's Long board riding.

Then to the main event the Australian Title at Kirra Beach. The team was blessed with best conditions we have ever had for the Australian titles surfing at Greenmount Point. Alex Lakeman put in an awesome performance, taking the Bronze in the Open Short board riding in a field including ex world tour surfers. Madi then added to

her Australian medal collection now edging above 12, with a Silver medal in the Open Female Long Board riding & a Bronze in the Open Female Short Board Riding. As did Geoff Horner with a Silver in the 50 years plus Long Board riding.

Warren Hannam excelled to come to his first Australian titles & come away with a Bronze in the 40/49 years Long Board Riding.

I would like to thank Steve from the DECK 23 for his support to the touring team & our awesome team uniforms.

Again Congratulations to all the team members

BOAT REPORT

by Steve Scott

This year saw a downsizing of our boat section and a preparation of new things to come.

After such an outstanding season last year it was always going to be a re build considering the DINGO'S all travelled overseas to explore and work and are only now coming back into the country. They were our leading senior crew although only in their third year of rowing and left a big hole to fill.

Crews

Our Open Ladies crew the WHY KNOT'S and it looked unlikely that we would have an open Ladies crew as well. But as often happens as the season rolled around again Aleisha and Carla decided a weight loss program was needed and told me they were keen to row again.

Tom Wilson and the LEMON PARTY were super keen after their 3rd placing at the Nationals to move up into the 23's age bracket and Tom was also keen to put together a first year U19 crew which he did. I will leave Tom's crews for him to report on and I will report on my only crew the DY Open Ladies crew.

Joining the Aleisha and Carla also from the Central Coast was Laini Collyer and Kelly Graham. The girls had all rowed together at MacMasters SLSC in 2010 and the were a very good crew. They are a great bunch of girls and all good friends which makes for a very enjoyable season. As a coach it was a matter of getting them confident in all conditions and getting them fit enough to row fast every race. I think we achieved this.

The girls had 2 major focuses for the season, the first being Ocean Thunder and the second being the SLSaving racing calendar. The girls raced very competitively in all rounds of the series and although finishing a disappointing 6th out of 15 crews overall it was not a true reflection of just how well they rowed. In round 1 we were leading the final in the first leg and rolled the boat on a wave returning to shore. To the girls credit we did right the boat and complete the second leg but finished last. In the second round we won the qualifying point score and were leading the final in the final leg only to have 2 crews come through from the other end and pip us into 3rd. In the 3rd round I was out through injury and Mike Norman from MacMaster's and their old sweep filled in for me. The girls raced very competitively and narrowly missed out on the final. And to complete our unlucky campaign the final round was eventually cancelled due to huge seas with us on the line waiting for the gun to go after winning out first race. This is the first time an OT event has been cancelled and it

was a credit to the girls that they handled the conditions as well as any crew on the day and were confident to continue racing. Had we continued to race we would of finished at least in 4th place overall.

In the regular calendar season the girls made most finals placing in many and winning both North Narrabeen and Warriwood. In the Branch they placed 4th in the State we had an early exit with Bilgola after we both led the race only to lose the decision after boats caught a wave from behind and in the Australian after winning or getting seconds through to the last 16 crews in Australia we messed up a difficult start and our season was over. So although our trophy cabinet was not filled with medals I want to say how proud I am of the girls on how they applied themselves to training. Each week the girls drove down from the Central Coast up to 4 times a week and never had a bad training session. They were delightful to train and coach because of their attitude and definitely deserved what success they achieved. Beside this they were a much liked and respected crew by their peers and I frequently was complimented by other clubs on what a great bunch of girls they were both as rowers and people.

My personal thanks girls for one of my most enjoyable seasons. Lots and lots of laughs and you did go fast. Well done.

My Most Outstanding Female Club Rower goes this year to the Stroke Aleisha. Aleisha's commitment and determination was impressive. She I believe has developed into one of the top female strokes in Australia and was instrumental in the speed we achieved particularly on the way home from the buoys. Aleisha led not only in the boat but also by her drive and leadership at training on the rowing machines. Congratulations Aleisha you're a champ! The other girls were also outstanding but I had no doubt in awarding this year's award.

Colts

It was always going to be a tough year for the Lemon party to better their achievement of an Aussie bronze medal from last year, especially going up into the very competitive colts division. Yannick, Willis and Jono were all backing up again and Harrison Selby had joined the crew to replace Max who had left for Collaroy to continue rowing juniors. Harrison picked up rowing relatively quickly and after a fair bit of experimentation with seats we eventually decided to place him in the 2nd stroke seat to balance out the power of our big German unit in the stroke seat. The first half of the season went relatively smoothly with the crew training well and putting in some competitive rows at several carnivals.

The pre-christmas training session and refreshments was always

going to be a spectacle after Jono had suggested we all bring a fancy dress costume for a team mate. So in mid December on a Saturday afternoon after the ocean thunder at the beach with many people on the balcony of the surf club a nurse, caped time traveller, fairy godmother, Mrs Claus and someone dressed in a wig and garbage bag all went out to catch a few waves. We got a few funny looks but managed to keep the boat upright and enjoyed a pleasant celebration afterwards.

Unfortunately things went downhill from there. After returning from our christmas break Willis fell crook with glangular fever having to miss a few weeks training and a couple of carnivals. Big Vaughn filled in for a while and had a row with us at the Manly carnival and I (Tom) jumped in the bow while Aaron Moon made a return to the club to sweep us at the Freshwater carnival. Yannick then had to deal with gout for a week or so experiencing significant discomfort at training sessions but seemed more annoyed that an older member of the team who probably drinks a little bit more wasn't experiencing the gout himself. Jono too then was laid up with a virus for several weeks and after not being able to row at branch or state the season was called for the lemon party. A disappointing end to the season but hopefully we will see all of the boys back next year for a much healthier season.

A big thanks goes out to Aaron Moon and Vaughn Williams for helping out during the season and Willis's mum (Catfish) for supplying the crew their 2012/2013 attire.

Juniors

Daniel Martin, Andy Layton, Charlie Soden and John Bushnell were the new recruits to the boat section this year. It was an introductory season for them with it being the first experience for all of them in a surf boat in October. They were all only 16 years old competing in the Under 19's division so our expectations weren't high for the results considering their minimal experience also. They must have set some sort of record for their bronze though by successfully gaining their bronze within 2 weeks of starting training for it. Again a big thanks goes out to Vaughn and his intensive 2 week program that put the boys in a great position on assessment day. Vaughn's legendary effort as a trainer and mentor influenced the boys into settling on their crew name as the "doggers".

Branch was their first carnival and they had set themselves a goal to try to beat at least one crew throughout the day. Well the boys achieved their goal in the first race beating 3 crews when a small wave helped them into 3rd place! The boys went on to row at the state and put in a very pleasing performance and although they didn't make it through the round robin the gap between them and the leaders wasn't too big considering their age and experience.

Although at times the doggers may have appeared more like a WWF wrestling tag team than a crew of rowers, they have shown positive signs of being a successful crew in years to come.

Sponsorship

Our sincere thanks continue to go to TASTE LIVING who are in their second year of their boat sponsorship. Our three boats are all branded with TASTE and they make a great impact on the beach. We are dependant on sponsors to fund these very expensive craft and we need good boats to compete at the top level in Ocean Thunder where we got good National TV coverage and other branch state and

national carnivals. Thankyou Charbel Joe and Richard from TASTE for your ongoing support.

A big thankyou to Leon and Kylie Pendergast who own and market the fashion brand Ooh la la who sponsored the open girls crew with 5 oars and a sweep oar all of which came through the full season undamaged. Thanks Leon and Kylie for your generous sponsorship and the pink oars branded with Ooh la la looked great and the girls "pinked" it up with their rowing gear.

Finally I would like to thank the Management Committee and all those club members who supported our crews this season. We are well equipped and are well placed to attract sponsors because of the direction the club is moving. This is my last season as boat captain, Tom Wilson is to take over from next season. Tom is part of the new era in surfboats at the club and I have no doubt he will do an outstanding job.

In my leaving I would like to thank all the members and the management committees I have sat on for their support of me and the boat section of the club.

NIPPER'S REPORT

by Matt Molinia

This season proved to be a very busy and challenging season being the clubs centenary year and with Dee Why being the host club for the branch championships. Weather and conditions proved somewhat unfavourable but our nippers and their parents stepped up and participated and helped out where required.

Dee Why Nippers representatives at Flag raising ceremony for our Centenary Year

Once again this season all of our U14 nippers took the first step into the senior club by successfully completing their Surf Rescue Certificate (SRC). This was held over the October long weekend when the water was cold and the conditions challenging. We had candidates that had been nippers since U6s and new members that had just joined the club. They all worked together and helped each other through and followed on as patrolling members for the season fulfilling their rostered patrol duties along with water safety commitments.

SRC Candidates on the beach after their final exam and in their well earned patrol uniforms

Although a somewhat smaller group than last season 2 candidates were chosen to represent Dee Why in the Junior Lifesaver of the year. Taylor Ly, a long standing and committed member and competitor represented the girls and one of our new members Sam Van Vleit represented the Boys. Competition is always intense but our selected candidates represented Dee Why well.

It was a very difficult season weather and conditions wise and this was shown dramatically by the fact that despite our best efforts we were required to stop the first carnival of the season at Dee Why, the Bennett Craft Carnival after only 6 races due to unfavourable conditions. It also made it very difficult for our U9s at the start of the

season as conditions and very cold water temperatures prevented many from completing their open water swim and therefore were unable to participate in the Manly JAC carnival in November. This in no way dampened their spirits and before the Queenscliff carnival in December they took every opportunity available and got themselves back to full strength and proficient for carnivals.

This season the Dee Why Nippers took a proactive approach ahead of requirements and made it mandatory for all nippers to wear a fluorescent pink rash vest to all nipper activities including Sunday morning events, training sessions and carnivals. The forethought of the senior and junior committees enabled a sponsor "Dee Why Grand" to be secured who generously supported the club and enabled the fluorescent pink rash vests to be given to all nippers at no cost. This was of a great benefit as safety for our nippers is a number one priority and it removed the financial burden from the parents. It was also great to see every nipper U6 to U14, boy and girl all in the same bright pink rash vest.

New Pink rash vests for all nippers on Dee Why beach sponsored by Dee Why Grand

BBM Junior Development Camp 2013

Once again the BBM Junior development camp was run over the Australia day long weekend. As in previous years we have stepped it up another level for our visitors. Last year 5 of the girls achieved their SRC (surf rescue certificate), this year 2 of them were old enough to update their credential to the Bronze Medallion award. Not only did they successfully complete this award but dragged along 3 others including in that 3 their own parents. Due to the conditions and the window of opportunity we had to run the course and practice this was no easy task. The competency exam was held in very difficult conditions and the group were in no way given an easy path, it was a long swim and the rescues demonstrations were challenging to say the least. All proved successful and well and truly competent, a well deserved reward for them and a great result for the program.

Bronze group from Orange and Dee Why with Trainers

Aside from this achievement there were all the up and coming juniors that participated in the camp, some 50 odd from Dee Why and 20+ from Orange ranging from the ages of 5 to 13. With the assistance of our many enthused helpers and experts in their field, the program was a great success. Our cadets also joined in to help and run activities and take on some responsibility. The nippers from Dee Why and Orange all responded well to their youthful approach and invaluable knowledge. All the nippers learnt skills on the beach and in the water. Our visitors from Orange joined in on the Sunday nipper events and due to atrocious conditions on the final day of the camp we were bound to the beach. This did not dampen the enthusiasm of the team leaders or the participants who ran through first aid and Resuscitation scenarios along with an introduction to the IRB and some dry land skills.

*Australia Day Events at Dee Why Beach
with Orange Bush Nippers and Dee Why Nippers*

Part 2 of the BBM JDC continued in early March this year a little outside of Orange at Errowanbang. A group of keen Dee Why nippers and their parents set off on Friday evening for a long trip not knowing what to expect and a little apprehensive as they were told to bring everything. Finally arriving at our destination near midnight all we could see was a small spot of light from an open door and we heard the hum of a generator. Our destination was the Largest Woolshed on the Southern Hemisphere but it was primitive and totally raw. There was no power (hence the nippers being told not to bring screens), the toilets were porta loos supplied for this occasion and there was the definite scent of lanolin.

The group set about at setting up their bedding, there was no shortage of space, and settling down for the evening. The next day was filled with activities from gold panning and yabbie races (unfortunately the yabbies were pets and not on the menu) to sheep shearing demonstrations and sailing at Carcoar Dam. The evening was topped off with a gourmet dinner prepared by the Orange nipper parents and a massive bon fire.

The next day we headed to Orange Aquatic centre for nipper activities along with some Life Saving races in the pool with Dee Why Vs Orange and a display of springboard and diving by the Dee Why and Orange nippers and parents. It was most definitely a worth while and humbling experience for all showing us that even in this day and age Power, running water and technology are still non existent to some.

I would like very much to thank our sponsors for the season, Dee Why Grand who came aboard and made the pink rashies possible, Big Brother Movement for their continued Support with the Junior Development Camp, Raine and Horne Collaroy with their continued support and our new sponsor Riaan Foot from Wavescape Orthonotics who supports the BBQ and is intent in doing all he can to support the Dee Why Nippers.

Dee Why Nippers at the BBM JDC in Orange

Competition and Awards 2012 – 2013

With the branch championships being hosted by Dee Why this season our competitors were keen to be involved and excel. An average of 40 competitors attended each carnival with a record 88 competitors lining up at the Branch Championships on their home turf. Our Coaches led by Ben Davies put in a massive amount of effort in getting the competitors ready. Water competitors, trained by Warren Hannam stepped up to the challenge and all improved dramatically on the previous season. Izzy Jacobs in the U9s in her first season in the water was a force to be reckoned with achieving results almost every time she hit the water. The U13 girls Ashleigh, Courtney, Emily, Emma put in a great effort to get results in swim and board team events. Our beach Competitors led by Jude Collins had a strong season also. Our U8s sprint team from last year stepped up again on the track taking out U9 boys beach sprint relay title with Mitchell and Dillon taking out individual titles in sprint and Flags. Justin Ly once again proved consistent taking a third at the Branch Championships.

Competitors at the state titles

U9 Sprint state titles, Mitchell Bernes and Dillon Hayford ready and set in the Final

Overall all competitors represented their club well and put in a strong effort. We hope to see more of this next season.

A group of 26 competitors ventured to the state championships this year at Umina. On arrival on the Friday at a beach that usually looks like a lake we found dangerous conditions in the water and no beach available topped with torrential rain. Events were cancelled for the day but spirits remained high. Over the next 2 days our competitors did their best stretched between Umina, Ocean Beach and Terrigal. Even with these obstacles put in front of them and a lot of waiting and events being cancelled they never lost focus. Mitchell Bernes and Dillon Hayford were finalists in the U9s boys individual sprint, Izzy Jacobs made the final in the U9s Girls individual board and Charlie Brown managed a final in the U11 Girls individual Surf Swim.

As previously mentioned the branch titles were held at Dee Why beach which put a huge load on our resources. Between the senior, Masters and Junior titles three full days required a lot of work and effort. It was great to see a large group of nipper parents, including the usual faces and a lot of new faces, pitch in and help as required and get involved in the spirit of the day. Without all this assistance the championship days would not have been the success that they were.

Junior Development Awards

This award was brought in two years ago to acknowledge those nippers who have gone to the extra effort to advance their own ability and confidence. The candidates that receive this award have really come a long way throughout the season.

Dillon Hayford, Izzy Jacobs, Taylah Portelli and Ben Ferguson

VALES

Vale – Ron Allsop

2 December 1930 – 25 April 2013

Ron joined Dee Why Surf Club in 1945 where he attained his bronze medallion in 1948 and served the club until the early 60's. He spent countless hours on the beach patrolling, Ron and other members of the surf club made the first rescue boards made out of butter boxes, plywood and a heavy coating of shellac in the late 40's. Ron used to tow the heavy board from Narrabeena behind his pushbike up and down May road every weekend always heading to the Surf Club.

Ron will be sadly missed by his family and friends.

Vale – Steven James Jarvie

11th March 1951 – 17th February 2013

A great loss to his family and many friends was the sudden death of Steve Jarvie as a result of a tragic cycling accident. Steve passed away on the 17th February 2013 at RNSH surrounded by those who dearly loved him. Steve joined the Surf Club in the 1980's as a Nipper parent and soon gained his Bronze medallion in Oct 1988. Steve became the Nipper coordinator through the years 1988-1992 where his familiar catch phrase was "Welcome Folks and isn't it great to be at Dee Why Beach this morning"? Steve was a loyal, patrolling, member and a skilled IRB driver, Patrol Captain, and all round mentor. Steve achieved his 10 and 20 year patrol service awards and was always a very fit athlete and swimmer. He became deputy President for the years 1998 and 1999 and was an integral part in the refurbishment of the Clubhouse and the Betty Barry room as well as implementing constitutional changes and the service awards that now stand. Steve took great pride in being a Club member and had a special way of keeping everyone calm and enthusiastic. His corporate background brought a professionalism to his many roles and he had a particular skill at encouraging people to strive for whatever it was they wanted and took great pride in others achievements as well as his own 3 boys, Oscar, Alex and Edward. Steve will be sadly missed and fondly remembered as the man with the microphone that welcomed one and all and finished off with, "Bye Folks and thanks".

Vale – Hayden Lacey

Hayden Lacey joined the Dee Why Surf Life Saving Club as a Dee Why resident and obtained his Bronze Medallion in the 1950-51 Season.

In subsequent Years, business and family commitments saw him leave the district and the club. He renewed his membership in 1991-92 due to his association with the "Ice Picks" and retained his interest until his death in April last year.

Vale – Colin Dibley

Colin Dibley joined the club in 1947-48 Season and claimed his Bronze Medallion in the following season. Although not participating in competition or club administration, Colin maintained active membership until becoming eligible for active reserve in 1958-59 (ten years of patrols).

He continued in this category until transforming to long service on establishment of this level of membership retaining his interest in what was happening at the club.

At the time of his death, just after the close of the season, Colin was the fourth longest Bronze Medallion holder at the club.

Vale – Steven Leach

Steven Leach (Leachy) joined the Club in the 1969-1970 season gaining his qualifying and then his bronze in 1971. Steven went on to row surf boats in the under 19 division and won silver medals at branch & state championship's in 1974. Steven became club gear steward in 1975 and held that position until 1988, he was awarded Club Man of the year in 1979-1980 season. One of Steven's passions was to tow the surf boat to carnivals almost every Saturday and especially to the State and Australian championships over many years. Steven was known as leachy, but because of his long red hair and beard he was also called Rory the Lion. He was very well liked by all who knew him and had great character, he also had an extreme love of the amber fluid and when he wasn't around the surf club you could always find him at the Time & Tide Hotel. Steven died in April this year aged 57 from liver cancer, way too young and will be sadly missed by all.
