

Dee Why SLSC

Annual Report 2021 / 2022

109th Annual General Meeting of the Dee Why Surf Life Saving Club Sunday 31st July, 2022

Vision and Purpose of Dee Why Surf Life Saving Club

1.1 Our Club

Dee Why Surf Life Saving Club has been established since 1912 and we are one of the most visited beaches in NSW. We have a proud history of providing a quality service to our community and keeping Dee Why beach safe for all beach goers and demonstrating through competition the skills of our members on lifesaving

Dee Why Surf Life Saving Club is committed to strategic policy alignment with Surf Lifesaving Sydney Northern Beaches, Surf Lifesaving NSW and Surf Life Saving Australia to achieve outcomes of shared significance.

1.2 Our Vision

To be a self-sustaining and forward-thinking organisation providing surf lifesaving and surf education to the greater community. Our members are our most important resource enabling us to implement this and member satisfaction is key.

1.3 Our purpose

To provide a quality lifesaving and first aid service to the community and all users of Dee Why beach with the aim to have zero preventable deaths on the beach.

Our members are the core of our movement and are vital to our success and we are undertaking a long term strategic approach to develop our activities in accordance with our values to provide our members with a sense of belonging, education, skills and the opportunity to give back to the community.

The Committee and Members of the Club extend their condolences to those who have lost family and friends during the past year.

Thanks once again to Emily Buckle and Paul Melham for their wonderful shots this season

Dee Why SLSC Life Membership - Adrienne Lowe

Adrienne Louise Lowe joined Dee Why Surf Club in the 2002/2003 season and has maintained her membership since that time.

Adrienne gained her Bronze Medallion in her first year of membership and continued to add awards to her portfolio every season. She obtained her IRB Crew and Silver Medallion IRB Driver Certificate and her Training Officer Advanced Resuscitation in 2003, Silver Medallion Patrol Captain in 2004, Training Officer Bronze Medallion in 2005, Senior First Aid Certificate, Spinal Management and Surf Official Level 1 in 2006, Silver Medallion Basic Beach Management in 2007, Assessor Bronze Medallion and Assessor Advanced Resuscitation in 2008, Assessor ARTC in 2010 and various other awards including training and official awards. She received her 15 Year National Patrol Service Award in 2017 and her 10 Year Assessing, Officiating and Training Certificates in 2019.

Adrienne's passion lies in member education, which involved the conducting of training, assessments and proficiencies for the Club each season. For over 17 years Adrienne has trained Club members for their Bronze Medallion, Surf Rescue Certificate, Advanced Resuscitation and Spinal Management awards, including annual proficiency testing of the members. More recently she has taken the time to induct all Dee Why SLSC Training Officers and Assessors to the new Bronze Medallion Curriculum and assessed their CPR and Advanced Resuscitation Awards.

She has been an active Patrolling Member/SNB Support Operations Duty Officer from 2002 until and including the current season. She was a Patrol Captain for nine seasons and has amassed 1,323 patrol hours during her career.

Adrienne has held various positions within the Club. The season after joining the Club, she took on the role of Assistant Chief Instructor, moving the following season to Chief Instructor, a position she held until 2007 when she took on the role of Club President. Adrienne then held the position of President from 2007 until 2010. She was a member of the Centenary Committee, the Building Committee and was the OH&S Officer.

She was involved in the Orange Nipper Program, Ocean Thunder and various fundraising events, Coordinated events with Warringah Council for the Australia Day Breakfast at Dee Why Beach and volunteered on the Beach to Bush Program. She takes part in the Red Shield appeals for the Salvation Army and is a Cancer Council Daffodil Day Collector.

Adrienne is a mentor to Club Probationary Training Officers and assessors and is one of a handful of Gold Medallion Assessors in Sydney Northern Beaches. She is a facilitator for the Silver Medallion Beach Management Award and as such trained many of the Club's Patrol Captains and Patrol Vice Captains.

Adrienne was awarded the Bruce Richardson Medal in her first season, an award presented to a member who achieved and used their awards and new skills to benefit the Club. She was also awarded a Distinguished Service award by Dee Why Surf Life Saving Club in 2020.

Her work with the Club and the Local Community was recognised by Warringah Council in 2010 when Adrienne was awarded Warringah Council's Citizen of the Year. In 2013 she was also presented with a Rotary Brookvale Community Service Award.

In 2014 Adrienne was elected by the SNB Board of Management as Branch Director of Education, a role she proudly held until the end of the 2021/2022 season, when she took on the Mentor Program Advisor Role. She was awarded Outstanding Service, Sydney Northern Beaches in 2018.

In 2013 she was awarded Sydney Northern Beaches Assessor of the Year, New South Wales Assessor of the Year and Surf Life Saving Australia Assessor of the Year.

Adrienne is a thoroughly well-deserving recipient of Life Membership of Dee Why Surf Life Saving Club.

Adrienne Lowe OAM

Dee Why SLSC would like to congratulate Adrienne Lowe (DYSLSC Life Member) on receiving the honour of the Order of Australia Medal. Adrienne's commitment to volunteering, primarily for surf lifesaving, but also for many other organisations is phenomenal. This is well deserved recognition for a hard working volunteer.

Adrienne's commitment to Dee Why began in the 2002/03 season when she achieved her Bronze medallion and in her first season, expanded her qualifications and obtained a further 6 SLS awards. Adrienne won the Bruce Richardson Medal in 2003 due to her commitment in achieving and using her awards for the benefit of the club.

Since then, Adrienne has continued her commitment to the service of the organisation and of others in many ways. From an education point of view, Adrienne, by becoming a trainer, assessor, and facilitator, taking on the role of Chief Training Officer and the role of Branch Director of Education, has continued a commitment to the community to ensure education and hence safety. Adrienne led by example as a Patrol Captain and Branch Duty Officer, always there to mentor and assist.

Over and above the prominent and visible volunteer service of training and patrolling, Adrienne also held positions in the Club essential to the development and growth of the organisation such as Chief Instructor, Club President, member of the Building Committee, Club OH&S officer and many other positions that require a great deal of work to be done behind the scenes to ensure the day to day running of the club.

Adrienne also managed to involve herself in other SLS programs. She was passionate about such as the Bush to Beach program educating rural students about the surf environment. Her passion for lifesaving and first aid led her to become an official and competitor in lifesaving events at a national level which involved the culmination of all skills, not just physical, pertaining to the core values of surf lifesaving.

Even though a massive amount of work and commitment was required by Adrienne in her service to surf lifesaving, she still managed to give her time to other organisations and causes such as the Salvation Army Red Shield Appeal where she was an area chairperson, WIRES Wildlife Rescue Service and the Cancer Council Daffodil Day.

Adrienne, as a volunteer, has received many awards prior to this most prestigious honour of OAM including but not limited to Warringah Council Citizen of the Year, SLSA National Assessor of the Year, Bruce Richardson Medal DYSLSC, Club Person of the Year DYSLSC, Outstanding Service SLSSNB Branch, and Dee Why SLSC Life Member.

Even with this honour Adrienne will continue to help others and volunteer her time as she has done for so many years.

Awards Presented at the 2020/2021 Annual General Meeting

Senior Clubperson of the Year

Justine Head

Justine has made a measurable impact as a passionate volunteer across all facets of surf lifesaving. Her volunteer activities are incredibly varied, and they include working with junior activities as a Nipper Age Manager, holding the position of Nipper Registrar, supporting nippers through their proficiencies, managing carnival entries, lead team manager at all junior carnivals, managing all point scores, awards and prizes for the Club Junior Presentation, preparing comfort packs for State competitors; achieving her Bronze Medallion (2017), Advanced Resuscitation Techniques Certificate (2019) and Silver Medallion Beach Management (2020), accomplishing 100% patrol attendance each season, and consistently being in the Top 10 Patrollers.

Junior Clubperson of the Year

Massimo Vezzola

As a young member with a great deal of commitments in his HSC year, Massimo managed to put priority to Surf Lifesaving. He attended all club fundraising events and assisted where he could. As a youth member he automatically took on the role as a mentor, both during nippers and outside nippers at training sessions and carnivals. He assisted with coaching, imparting his knowledge and board skills on the juniors and also assisted in training sessions with the new Bronze members. Massimo was always on call for water safety, board, tube or IRB. He upgraded his qualifications this season in order to fill the gaps in IRB drivers, both with nipper water safety and on Patrol. He was also a keen IRB water safety at Branch carnivals, fulfilling the club's requirements

Administration Report

- Justine Head

What a topsy-turvy 12 months we have had! After just managing to squeeze in our Presentation Night last year, we were once again in lockdown. We then experienced the toughest restrictions we had seen with mandatory mask wearing outside and limited movements for LGA's of concern. 107 days later we finally started to see restrictions easing until we have come to the relative norm that we know today. In February SLSNSW introduced a COVID-19 Vaccination Policy. The logistics of managing this new policy added a level of complexity to my role as COVID-19 Safety Officer and I would like to thank all members affected by this for their cooperation in complying with the requirements of the document. There has been no notification yet if this policy will continue into the next patrol season, but I am sure that SLSNSW will advise us in due course. Fingers crossed that by this time next year there will no further mention of COVID-19 restrictions.

Our two standard fundraising events for the club, the Sun Run and Beach2Beach had mixed results. The Sun Run was held in February and, thanks to all of our wonderful volunteers, we earned \$2,616 for the club. The Beach2Beach was initially delayed from September to March due to COVID-19 restrictions and was then delayed again until August because of bad weather.

Secretary's Report

- Graham Whitehead

I am pleased to present the Annual Report of Dee Why Surf Life Saving Club for 2021-22.

This Secretary's report will focus on operational aspects of the Club during what has been a challenging, but successful year.

As in previous years, management of the surf club is executed by the Management Committee for which appointments to positions are made each year at the Annual General Meeting. I would like to thank the Committee members for their commitment over the last 12 months and, to those who plan to serve for the next year also, I look forward to working with you again.

I would like to thank Matt Molinia for another year as Club President during challenging times once again. Matt continues to embrace the role with commitment and enthusiasm with the last season again presenting unique challenges in the Club's history.

My thanks go to Sue Cheney who retires from her role as Registrar this year. Her commitment over many years has been hugely beneficial to the Club.

Despite the ever-present threat of COVID-19 and extremely challenging weather conditions, the Patrol and Nippers seasons were uninterrupted. Dee Why experienced an extreme weather event with winds that were so strong they damaged the waterfront pines and caused extensive damage to local buildings. The storm happened during a Patrol and the team responded exceptionally well.

My thanks to Justine Head for her ongoing management of the Club's COVID-19-safe plan which ensured the safety of participants, spectators and members of the public alike.

Over the course of the year, the Committee has overseen a number of building projects with the refurbishment of the Betty Barry room and the planning process for the extension to the North End Room / storage shed. Both of these projects have presented challenges and the Club has been able to call on expertise from amongst its members to get the best result for the Club.

Despite another challenging year for all, the social aspects of the Club have remained buoyant with the creation of the Silver Salties and a range of events over the year, culminating in the Awards Night which was held at the Club this year. Such events remain an important part of connecting with Patrolling Members and making the Club a community, rather than simply a volunteer surf club.

Congratulations to the following recipients on their National Service Awards:

National Service Awards

25 Year Long Service

Mark Chojnacki
Geoffrey Crittle
Jason Everett
David Gilmour
Allen Lakeman
William Newling

30 Year long Service

Rowena Clarke
Peter Raynes-Greenow
Rebecca Wayne
Graham Wilmot

40 Year Long Service

Judith Pitt

Sydney Northern Beaches Distinguished Service (awarded 2021, presented 2022)

Allen Lakeman

I look forward to a successful 2022-2023 season.

Member Services Report

- *David Spink*

Member Services is a new position within the Dee Why Surf Life Saving Club. It is responsible for looking after all Club members, from Seniors to Nippers, and is focused on making the Club more inclusive of all people.

With the help of Emily Buckle, we have developed a strong youth committee which is working on some initiatives to put in place next year. Some of these include an Open Day at the start of the season, a Nipper and Patrol Mentor Group and some beach activities.

Allen Lakeman, Susan Sky and myself have been preparing a DA for the Northern room. The new building works will cover most of the northern driveway making more storage under the club and a lovely big deck facing north. I'd like to thank Allen for all his hard work. Preparing a DA to Council is extremely time consuming.

We have also started a \$150,000 renovation on the Betty Barry Room, and hope to have it finished by the start of the next season.

The Betty Barry Room will become the focal hub of the club, a place where all our members and guests can come together to share experiences, ideas and of course to have fun!

Member Services key role over the next couple of years is to bring all our members together and help them feel they are a part of the Dee Why Surf Lifesaving community.

Building and Development Report

- *Allen Lakeman*

The members of the Club's Building and Development sub-committee are Susan Sky, Allen Lakeman and David Spink. Despite COVID-19 setbacks, the committee has been progressing with the plans for the extension of the clubhouse.

The proposal is to increase the storage of the clubhouse by the provision of additional area for surf patrol and safety equipment to the northern side of the clubhouse by an area of 6.5 metres by 14 metres. The storage area would be covered by a new deck adjacent to the first storey of the clubhouse of 6.5 by 17 metres. The additional storage will house more IRBs, PWCs, surf safety equipment as well the equipment for the Council lifeguards.

David Spink has been involved in finding and briefing a Coastal Engineer regarding the physical coastal hazards in the design site, including coastal erosion and recession due to sea level rise, wave runup and overtopping. Conceptual management options include piled footings, an emergency warning system and the location of electrical systems above inundation levels.

According to a 2012 report commissioned by Warringah Council (as it was then) historical coastal storms have damaged Northern Beaches infrastructure in 1920, 1925, 1944, 1945, 1967, 1974, 1998 and 2007. Management measures at Dee Why included the construction of the seawall south of the clubhouse. The report concluded that the area north of the seawall including Dee Why SLSC is at particular risk from coastline hazards.

David intends to meet with Council officers later in the year to discuss their requirements for the Lifeguard area in the new storage space and any practical and financial contributions Council can make to the coastal erosion issues.

The committee has obtained a detailed site survey from Warren Bee and the club's architect Fistum Gebera is proceeding with the design plans.

President's Report

- **Matthew Molina**

This is my second season in this position and the challenges continue. With a strong and dedicated committee and even stronger membership, all putting in a concerted unselfish effort, the impact of lockdowns and restrictions being placed on us due to COVID-19, extreme weather conditions and restrictions on gatherings were minimised and we managed to have a successful season. As a Club we are committed to moving forward, changing, and adapting to our environment. There are no problems, only challenges!

A new and streamlined management structure was implemented at the start of this season that consists of department heads only and includes a specific Surf Sports Department and Member Services Department. As with any new initiative there have been teething problems and as an organisation steeped in history and tradition there is a resistance to change. Some communication issues within the committee and to the membership have been identified and plans have been made to enhance our processes. An overarching Surf Sports Department will hopefully assist in the integration and perceived commitment of our competitors. Members involved in surf sports in our Club have historically had a strong presence on the Management Committee, not just to promote surf sports but to ensure the primary goal of surf lifesaving, drowning prevention, is maintained. We hope to increase the profile of surf sports and make it more available to the wider membership group encouraging them to improve their skills and make them better patrolling members.

The Member Service Department has been designed as the glue that holds all departments together. Its objective is to be the voice of the membership. Included in this department is member protection, ensuring that all members feel comfortable speaking to someone about any issues or concerns. Also included is a group of youth members having an input in shaping the future direction of the Club. Members such as Lia and Rosemary Cooper and Ethan Griffin have done a great deal of planning ready to be implemented next season. Most importantly the social committee, till now unable to be active due to COVID-19 but moving forward will engage with the membership outside of patrols etc.

COVID-19 reared its ugly head again. The impact was widespread. At the start of the season, we were required to wear PPE on patrol and there were restrictions placed on the number of patrolling members allowed on each patrol. Adding to this, it was legislated that all patrolling members, trainers and assessors, age managers etc were required to be double vaccinated. This caused several issues, firstly checking and recording this information and secondly, unfortunately due to this requirement, we had some members who were not either willing or able to comply and hence did not continue their membership. The impact on the Club was also to its balance sheet. Due to lockdowns, restrictions and general uncertainty we were unable to hire out the Club function rooms. Fortunately with restrictions easing early this year interest and confidence in holding functions and events is returning.

On Friday 17th June, SLS Sydney Northern Branch held their awards of excellence. Dee Why had several nominees eligible for these awards including the Club nominating this season for Club of the year. We wished all the nominees as below the best of luck.

Volunteer of the Year:

Cameron Read

Surf Lifesaver of the Year:

James Duguid

Youth Lifesaver of the Year:

Amirah Dobby

Patrol Captain of the Year:

Kerry Morris

Trainer of the Year:

Felix Forbes

Assessor of the Year:

Herve Vichemont

Administrator of the Year:

Evette Wenlock

Official of the Year:

Ernesto Calderon

Club of the Year:

Dee Why SLSC

We were absolutely thrilled and proud to have Kerry Morris announced as the joint Sydney Northern Beaches Patrol Captain of the Year and Ernesto Calderon as the Official of the Year. Congratulations to you both from all at DY SLSC.

Left to right Felix Forbes with Cameron Read, James Duguid with Ayman Haggag, Amirah Dobby with mum Kym, Kerry Morris

As our Club and our requirements are ever increasing, so is our need for space. Plans are in to extend the northern end of the Club to create more space, especially with storage requirements for jet skis and larger side by side vehicles for both ourselves and the Council lifeguards. Things are moving slowly with approvals, but we hope to move forward a lot quicker next season, due to these operational requirements for additional space. Its not just about more space. For several years it has been discussed to update our club room. The opportunity was seized, and works have started, due for completion for the start of next season. Coming out of restrictions this refurbished club room will be used to engage the membership on a social level and provide a friendly, comfortable and welcoming environment to gather in.

Dee Why regularly puts its hand up as a host venue for central venue assessments as well as combining with other clubs and hosting for training awards. We understand that, especially this season, due to conditions it was difficult for

all clubs in the branch to run assessments. As a club intent on working with other clubs to ensure that surf lifesaving education is maintained to the highest standard, we were happy to host assessments, provide equipment such as rescue mannequins to SLSSNB and SLSNSW and provide members to set up and manage logistics of assessments even if our club has no candidates involved and even on a last-minute change of host venue.

This season Dee Why hosted and supported the SLSNSW Australian Lifesaving Boat Emergency Rescue Training (ALBERT) program. The program is beneficial for all clubs, collating the experience and knowledge from clubs across the state and was a unique opportunity. With so much interest, the program needed to be split into 2 days. Dee Why was happy to accommodate and be involved. Also again this season Dee Why hosted the Branch RWC training, Cam Read, our newest Jet Ski operator actively engaged in its facilitation. In addition to this Dee Why is a host venue for the SNB and DPI Unmanned Aerial Vehicle (UAV) program. As with the IRB, the RWC and UAV may become a mandatory component of patrol and due to our involvement in these programs, our club will be well prepared.

Our visibility of being involved in carnivals, central venue assessments, support services such as RWC and UAV has

put us in the position to be seen as a collaborative club. Members' ability in surf lifesaving to give time and resources is ever diminishing with so many other external commitments. Having this relationship with Branch and other clubs has enabled us to work together and share resources. This is beneficial in managing limited resources such as trainers and assessors and being able to run courses such as beach management and ARTC. Most importantly this visibility showcases the opportunities in surf lifesaving and encourages our members to become involved in other aspects of surf lifesaving such as support services or competition that may keep their interest and keep them involved.

Dee Why SLSC is an inclusive club that promotes accessibility and diversity. During the 2021-22 season we received substantial community engagement via the Rainbow Beaches event, driven by our Deputy President Emily Buckle. By adding rainbow colours to our beach and outfits we celebrated all sectors of diversity and highlighted, through colour, that our club is diverse, inclusive, and welcoming within all the communities we serve. The celebration was supported by representatives from all levels of government and a letter was received from the Northern Beaches Mayor, Michael Regan, to thank the club for their work in this space. Dee Why SLSC members also participated in the development of the multilingual surf safety resources launched by SLSNSW. Participants were Baha Addeen Aburumman (Arabic); Annikka Burge (Finnish) and Zeynep Soylu (Turkish).

As SLS is now a part of emergency services, and with the extreme weather, members were called out to help those in flood affected areas. Dee Why assisted and supported these call outs supplying craft and members. The ethos in the club is to help people and in this case it expands beyond our own back yard. It is great to see our members involved in volunteering their precious time to help others in need.

Our Club Captains Team led by Ayman Haggag and supported by his Vice Captains and Patrol Captains did an excellent job in an adverse environment this season, they were well organised and met regularly to ensure they were on top of any issues and to ensure enhanced communication.

The majority of our members were understanding of the situation and keen to be there and do what they could when they could. With nippers starting early at 8am and extended hours negotiated with council in line with daylight savings and peak attendance periods in the summer, our members patrolled the beaches for up to 11 hours in a day split between 2 patrols. The patrolling members were happy to work with

these hours understanding the importance of the Nippers' program running successfully and the importance of community safety and having a patrol on the beach till up to 7pm when the beach was still packed. From this initiative our afterhours call outs have dramatically reduced as most were within 30-45 minutes of the patrol finishing.

Being able to train groups for Bronze, SRC or IRB proved challenging. Between COVID-19 restrictions, poor conditions, cancelled assessments and members requiring isolating, our education team led by Felix Forbes persisted and adapted running additional sessions when the opportunity arose and being flexible with training times and the total course duration. The standard of training and candidates we produced was in no way diminished by the aforementioned challenges. Even though we may not have had as many candidates this season we certainly have kept candidates of the highest quality.

Nippers once again faced challenges with split shifts and minimising parents on the beach. Our new Junior Activities Coordinator Lee Auzins was well up to the challenge. Finding her feet in her first season she managed a very successful season with a big group of happy nippers and parents. Things can only get easier from here and plans are already underway with more focus on nipper development and less on imposed restrictions.

This seasons competition season was somewhat disrupted. As a club Dee Why for the first time was unable to host the Bennett Board Carnival due to gathering restrictions. We hosted 2 Rounds of the Fast Fives (one from North Curl Curl whose beach was unsuitable), the entire series of Ocean Thunder and set up for The Branch Championships Boat Carnival only to have to pick up and move at the last minute and take the entire work party to Collaroy and run it there. The chaos did not stop there with State Championships being held on the Northern Beaches, only the Juniors ran most of their events. The youth got a start for a few hours and then the rest of the championships was

unfortunately cancelled due to pollution, extreme weather and a gastro bug. Aussies went ahead with a last minute move from Perth to the Gold Coast due to COVID-19 restrictions. Dee Why sent a contingent of 3 youth members, Baelei Rogers, Paris Hudson and Mikey Molinia who represented Dee Why with pride. As with State, many events were cancelled especially in the Opens. Hoping for a better, more consistent season next season.

One of the honours of being President is being able to give out the President's award. This season it has been awarded to two people, John Collins and Colin Kjoller from Orange. Both John and Colin are worthy recipients with an excess of 10 years of service to Dee Why. They started as parents of children participating in the Junior Development Camp at Dee Why and then stepped up alongside their children and gained their Bronze Medallion. Their level of commitment to the Club has by far exceeded all expectations, not only are they both Patrol Captains on their individual patrols consisting of mainly members from Orange and traveling 4+ hours each way to volunteer, but they also actively encourage new members from that region and surrounds to join and become involved in Nippers and Surf Life Saving. They are both involved in training and put in a great deal of extra work preparing their local candidates with a rigorous schedule, not only in Orange but also in Dee Why on the weekends that they are on patrol. They also travel down at other opportunities just to assist in enabling the candidates to gain additional exposure to the surf environment. John and Colin are an asset to the Dee Why Surf Club and ambassadors to Surf Lifesaving.

I would like to thank all members for their understanding and commitment this season and for sticking with it. Looking forward to a better season where we can focus on club activities and social events.

2021/2022 Season Highlights

780 members including 268 nippers

170+ Patrol Members (including SRC's)

7,615 member patrol hours

83 rescues

2,225 preventative actions

166 First Aid treatments

30 Beach Closures

384,964 Visitors to Dee Why Beach

Club Captain's Report

- *Ayman Haggag*

Outstanding! When people ask how has our Club performed this last year, the one word that comes to mind is 'Outstanding'.

The Club Captain's Group had a new team with Ayman Haggag as our new Club Captain and Hugh Long, Omar Elgazaar and Jimmy Duguid as the Vice Captains.

The first thing this season was our preseason inspection. We was off to a great start ensuring every bit of lifesaving equipment was operational and ready before the first Club member hit the beach. We passed first time, Outstanding!

Special mention needs to be made of our Vice Captain Omar Elgazaar, who took the reigns in redesigning the tools that we use in making the season what it was. Patrol rosters, Club equipment logs and many more data based challenges were sorted out with the new tools to take the Club forward. Outstanding!

This season, we also had a new IRB Captain. Cameron Read took on the role and raised it to a new level by timeously maintaining equipment, getting our IRB Drivers and Crew proficient, and planning courses to run outside of the operational season so that by the time we all get together again for the next season, our patrols will be all set and good to go on the IRB front. Outstanding!

It was a season with definite challenges. The Microburst storm that hit the beach on the 19th December was one of these challenges. Luckily Patrol 3 members were at the right place at the right time to offer assistance to all. Outstanding!

COVID-19 made it impossible for Orange Patrol to patrol the beach as they were outside the LGA. Patrol 5 put up their hand to cover all of Orange's Patrols till things could get back to normal. Outstanding!

During the floods earlier in the year a call went out to IRB Drivers and Crew to assist if they were available. Outstanding!

Finally, the First Aid room is looking to get a revamp, much thanks to Roz Elliot. She reviewed it with a fine detail, and has made a comprehensive list of recommendations of changes to the Club Committee. Plans are now afoot and we will start making the changes during this off season for an updated First Aid Room. Outstanding!

From the floods we assisted in NSW, to freak storms right on our beach, to unmentionable amounts of days of closed beaches, to the compounded challenges of COVID-19 while patrolling - we have shown ourselves time and time again, to be truly outstanding at what we do. Thank you to all our Patrol Captains, patrolling members and the Management Committee for their support and assistance this season. Congratulations Dee Why, on another Outstanding season and see you on the beach!

Top 10 Patrolling Members

This season due to covid restrictions, numbers on patrol were set and many members although willing were not able to patrol due to this. Also due to covid many members were required to isolate and stay home. For this reason we did not award a top 10 patrollers or a 100% patrolling as the effort was not represented by the statistics. We wish to thank all members for their commitment to volunteering on the beach, we were never short, Outstanding. Special mention to Shankat Pariyar, Justine Head, Wayne Dobby, Matthew Molinia, Rosemary Cooper, Ayman Haggag, Herve Vchemont, Giselle Bedford, Adam Stanley and Felix Forbes, for their exceptional commitment to patrolling and water safety, each amassing in excess of 75 hours.

Season Awards

The nominees for SRC Patrol Person of the Year were Cameron Spry, Michael Molinia, Jessica Johnson, Giselle Bedford, Cooper Ferrie, Georgina Godfrey and Fletcher Imbs. These members showed a great deal of commitment and passion for lifesaving.

SRC Patrol Person of the Year: *Cameron Spry*

The nominees for Youth Patrol Person of the Year were Amirah Dobby, Noah King, Shoaland Griffiths and Finn Miles

Youth Patrol Person of the Year: *Amirah Dobby*

The nominees for Senior Patrol Person of the Year were Jimmy Duguid, Rosalind Elliott, Sarah Rees, Felix Forbes

Senior Patrol Person of the Year: *Jimmy Duguid*

Our IRB driver and crew of the year showed a great amount of promise. Not only in the boat but putting their hands up when needed and being reliable and putting in the extra time.

IRB Driver of the Year is: *Ahmed Elkady*

IRB Crewperson of the Year is: *Shankar Pariyar*

The patrol of the year is always a very difficult decision to make and even more so during these difficult times. Nominations were Patrol 3, Patrol 5 and Patrol 7.

Patrol of the Year: *Patrol # 5*

The Ray Martin Patrol Captain of the year is: *Kerry Morris*

Patrol 3 - Dee Why Microburst Storm Event - Logged by Kerry Morris

19th December 2021

The entire team sprung into action and did what was needed to be done to ensure the community and the members of the patrol were safe. We were extremely lucky that no one was hurt, seriously or otherwise. I think back and wonder how this was possible when there were at least 8 Norfolk pines that lost their tops and the flying projectiles including the large seed pods from the pines. The devastation and shock was something that is still very vivid. Three members, Shoaland, Jacqui and Barry along with Dean the Lifeguard, were in the water when the storm hit, seemingly out of nowhere. If it had not been for Matt Molinia seeing the very dark approaching cloud we would have been completely unaware. I had been checking the weather radars all afternoon as a storm had been predicted but no storm cell was apparent. The wind picked up so sharply, the rain, wind and hail were so strong and hard.

The flagged area was located further north than usual (North of the Surf Club) and we had the small tent up as an outpost. A few of the younger members of the patrol came and helped drop the small tent. Fiona, Neill and Matt made the call to drop the large tent and get the patrol and belongings up to the Surf Club with the assistance of Dylan, Leon, Henri Lee, and Sam.

Jacqui, Barry, Shoaland, Dean and myself got everyone out of the water and up the beach. There was one boy who was still in the water and I only noticed him when his father came down to the waters edge and was yelling at him to come out. The boy would have been unable to hear his Dad - the sounds of the storm were so loud. I ran into the water to get to the boy - the wind was so strong and the rain and hail was so hard that it was stinging our skin. I walked the boy out of the water backwards, unfortunately stepping into a hole in the rush to safety and falling, only to be lifted to my feet by a member of the public. The boy reached his father and they disappeared up the beach.

At this time my focus turned to the patrol members in the water. It was like a white-out and all I could see was Jacqui's orange water safety vest and the yellow rescue boards. Dean was also still in the water. Barry was assisting Shoaland. I got to Shoaland and helped hold onto the Board. The wind was strong and it was a struggle to hold on to the boards. Just as I started to think about where was our closest shelter the storm started to ease.

The storm was gone as quickly as it started. The Norfolk pines had been decimated. The beach front path was covered in green, the seed pods and tops of trees strewn everywhere and the water was full of debris. We re-grouped and instructed the team to get footwear on if they had it to attend to the immediate task of checking the area and ensuring everyone was safe. The area behind the playground at the southern area of the beach needed to be secured. There were live powerlines down. Dean was up there by himself doing the best he could. Matt got the bollards out and found hazard tape - Neill, Fiona and others took the bollards up to the area and Henri-Lee and Leon went up to also assist in maintaining the cordoned off area.

Matt launched the IRB with Henri-Lee to do a sweep of the water and check and make sure that there was no one out there. Luckily it was just body boards and other items in the water.

As much of the Northern Beaches had been struck by the same time, Police resources were exhausted and it took some time for Police to arrive. They taped the cordoned off area and then most left to assist elsewhere. The Fire Brigade came and assisted. The members of the patrol assisted in keeping the member of the public out of danger. Some people had little regard of the danger and crossed under the police tape, Henri Lee and Leon witnessed one a man on a push bike, a couple trying to remove their car and 2 people and a dog who, if not for their dog screaming when it came close to a live powerline (possibly receiving an electric shock), would likely have been seriously injured if not worse. They were centimetres away from a live powerline after lifting up the Police tape and walking under it.

Most of the team stayed until 6pm. Other members of the club joined us. Thank you to Graham McVay, Herve, Emily and Chris to name a few.

This will be something that will stay with me and my fellow patrol members for a very long time. Barry and Dean had bruising from the hail! I know I was in a bit of shock and quite emotional after this and Shoaland told me a month or so after the incident that it was scary. All in all we were all very lucky to get off as well as we did under the very trying and sudden conditions.

Training and Education Report

- Felix Forbes

Congratulations to our hard-working Education Team on another successful season at Dee Why SLSC.

This year presented several unique challenges, including (but not limited to) COVID-19 lockdowns, water pollution, heavy surf and even a tsunami warning. Our training team has yet again stepped up and delivered high quality training and adjusted to all these challenges.

Several courses ran longer than usual, as we were not able to train while the beach was closed for pollution, debris in the water, heavy surf – or often a combination of all those factors at once.

Despite the disruptions, our members achieved almost 50 new awards and participated in 278 proficiencies. In addition to awards completed, we have 20 new Bronze members, 21 SRCs and 6 IRB Crew. Well done to all candidates who showed the perseverance and determination to complete their courses in a year of disruption and uncertainty.

A huge thank you to all our Trainers and Content Experts who faced this extremely unsettled season with calmness and positivity. They dedicated extraordinary hours of volunteer time across early mornings and late nights to support the training and development of our members, whilst also finding time to maintain their own accreditations. Thank you also to the families of our Education Team for their ongoing patience and support of our team's endeavours. Lifesaving education is the gateway to our Club, and it is this dedication that keeps us moving forward.

My sincerest gratitude goes to Breno Pinto and Sanja Taslaman for taking on the Proficiency Coordinator and Training Coordinator positions this season. Their continual support with administration, coordination and guidance makes my job as Chief Training Officer (CTO) a significantly lighter and much more enjoyable one.

Trainers, Assessors and Facilitators

Our exceptional team of accredited and probationary Trainers, Assessors and Facilitators are listed below. Please take the time to read through this list and offer them congratulations for their efforts!

Name	Awards / Position
Darren Armitage	Assessor IRB; Training Officer Bronze Medallion and IRB
Emily Buckle	Probationary Assessor Bronze Medallion; Training Officer Bronze Medallion
Felix Forbes	Training Officer Bronze Medallion; Probationary Training Officer ART
Steve Haggett	Training Officer and Assessor Bronze Medallion; Training Officer and Assessor ART; Mentor for Bronze and ART
Allen Lakeman	Assessor Bronze Medallion; Training Officer Bronze Medallion
Hugh Long	Training Officer Bronze Medallion
Adrienne Lowe OAM	Facilitator SMBM and Spinal; Assessor Gold Medallion, ART and Bronze Medallion; Training Officer ART and Bronze Medallion
Matt Molinia	Assessor IRB and Bronze Medallion; Training Officer IRB and Bronze Medallion
Cameron Read	Probationary Training Officer Bronze Medallion and IRB
John Silva	Training Officer IRB
David Spink	Assessor IRB; Training Officer IRB and Bronze Medallion; Probationary Training Officer ART
Karen Thompson	Training Officer Bronze Medallion
Herve Vichemont	Assessor Bronze Medallion; Training Officer ART and Bronze Medallion
Sanja Taslaman	Probationary Training Officer Bronze Medallion

Content Experts

I would also like to extend a massive thank you to the Content Experts who provided valuable input this season. Your specialised knowledge and support are hugely appreciated and central to the outstanding results achieved by our candidates.

Content Expert's Name	Award(s) Assisted With
Bruce Richardson	Lead Trainer for Bronze Medallion
Ayman Haggag	Bronze Medallion
Ahmed Elkady	Bronze Medallion
Breno Reis Almeida Pinto	Bronze Medallion
John Collins	Bronze Medallion & SRC
Colin Kjoller	Bronze Medallion & SRC
Paul Ryan	Bronze Medallion and SRC
Greg Punch	Bronze Medallion and SRC

Skills Maintenance (Proficiencies)

Annual Skills Maintenance ensures our Patrol members learn about changes to statutory requirements and refresh their skills at the beginning of each season. Breno Pinto (Proficiencies Coordinator) continues to do a magnificent job on this front - coordinating members, trainers, and delegates to ensure proficiencies are completed and entered before December 31st. He sets up the booking forms, provides ample communication to ensure each member is aware of upcoming sessions and undertakes all the checks and balances to maintain records in Surf Guard. It is a huge task to undertake, and we thank those members who work with the education team by keeping an eye on the calendar, booking early, and turning up on time.

Our utmost appreciation goes to the assessors and delegates that ran proficiencies this season, particularly Matt Molinia, David Spink, Darren Armitage, Allen Lakeman, Greg Punch, Herve Vichemont, Cameron Read and Bruce Richardson. We appreciate the effort you put into ensuring our members' skills are sustained to the highest standards.

Courses

We ran fewer courses than normal this year due to COVID-19 lockdowns. We started the season with the SRC to Bronze and Intensive Bronze Medallion courses but did not run our usual Spring Bronze Medallion Course. We did run a Bronze Medallion and IRB crew course during the Summer.

SRC and Bronze Medallion

October Long Weekend Intensive Course

Our Surf Rescue Certificate (SRC) and Bronze Medallion Awards kicked off with the Intensive format on the October Long Weekend with excellent feedback from candidates and parents. It is fantastic to see the Club come alive at this time of year as the season gets underway and our members from Orange come to stay.

Thanks to our lead trainers Matt Molinia, Darren Armitage and Herve Vichemont for your tireless efforts coordinating the courses, and to our supporting trainers Emily Buckle and Felix Forbes. It is always a big weekend and we are grateful to all involved.

Bronze Medallion Summer Squad

Our Summer Bronze Squad began on 15th January 2022, with 11 engaged and enthusiastic candidates. The course had multiple disruptions due to water pollution, large surf, debris in the water and even a tsunami warning. They are another fantastic group and we appreciate their patience and dedication during a highly disrupted course. Huge thanks to their trainers and content experts for taking all these challenges in their stride - Bruce Richardson, Hugh Long, Herve Vichemont, Greg Punch, Allen Lakeman, Matt Molinia, Ayman Haggag, Felix Forbes, Sanja Taslaman and Emily Buckle.

IRB Crew

Congratulations to all members who committed to IRB training this season. We have loved seeing the huge amounts of enthusiasm and excitement you bring to the beach at 6.30am on Sunday mornings! We have added 6 IRB Crew to Patrol.

We were pleased to add two new rescue training manikins to the IRB kit this season. The manikins simulate a conscious and unconscious casualty, enabling candidates to practise rescue scenarios without a live patient. This reduces risk of injury and allows faster turnover as members hone their skills. I am certain they will be an asset to training for many years to come.

Thanks to our awesome IRB trainers and content experts for all their dedication to early morning training sessions throughout the season - Dave Spink, Matt Molinia, Cam Read and Darren Armitage. We greatly appreciate your efforts.

Courses for Branch Support Operations

Congratulations Cameron Read who has completed his RWC Operators course and has joined the Branch Support Operations team.

Bruce Richardson Medal

Each year the Bruce Richardson Medal is presented to the “Most Outstanding Candidate of the Year”. This is presented to the candidate who attempted, achieved, and used their awards and new skills to the benefit of the Club. The medal is based on a Calendar year, with nominees from Bronze courses completed between January and December 2021. It was both pleasing to have such a high calibre of candidates to select from this season, and after much deliberation we managed to whittle the list down to 2 very strong finalists – Oliver Whitehead and Michael Molinia.

Huge congratulations to Mikey Molinia who was the winning recipient of the Bruce Richardson Medal for 2021/2022!

Mikey completed his First Aid, Bronze Medallion and IRB Crew courses this season. He was engaged and committed during his training and attended the assessment to encourage his fellow trainees and act as a patient during rescue simulations (Mikey trained during the October Long weekend course but did not participate in the assessment as he was not yet 15 years old). Mikey has often volunteered to lend his time to teach his considerable board skills to candidates on other courses and has begun assisting with training the Under 14 squad.

Congratulations also to Oliver who was an enthusiastic and engaged member during his training. Oliver was our go-to person for demonstrating just about every aspect of rescue techniques, carries and first aid simulations. He was always the first to volunteer and did so with a smile on his face and an enthusiasm for his training that made him an ideal candidate.

Next Season

2022/23 looks to be another busy season with further changes and challenges! We will continue to encourage members to gain higher awards and increase the number of ART members on each patrol.

The Training Group and Club Captains Team will continue to work together to develop multi-skilled Patrols with backup award holders in each position. We will promote higher awards such as ART, Silver Medallion IRB Drivers and Silver Medallion Beach Management and work collaboratively with neighbouring Clubs to ensure ample opportunity for completion.

We look forward to growing the training team, mentoring Probationary Trainers in their elected awards and welcoming new Content Experts to enrich the training experience for our members.

Our Training Group is always on the lookout for new members – including trainers, assessors, coaches, content experts and water safety. Please let me know if you would like to be involved. We have a lot of fun and it is a great chance to refresh your skills along the way. It is also a chance to get to know new club members before the begin patrolling and welcome them to the club.

In closing, I would like to offer our thanks to the Sydney Northern Beaches Branch for their support and assistance, plus all the Assessors who have given their time to Dee Why SLSC. It is sincerely appreciated.

Congratulations to all on a fantastic season and I look forward to seeing you on the beach again soon!

Surf Sports Report

- Peter Hatfield and Justine Head

The 2021/22 season turned out to be another very disrupted season. COVID-19 lockdowns, terrible weather and water pollution resulted in many events being cancelled or relocated.

Thankfully our branch holds a very popular and well attended series of Fast Fives carnivals which are a great warm up to the season with Cadets, Opens and Masters competitors all competing for our Club.

North Curl Curl was scheduled to host the Fast Fives, however, due to hazardous water conditions, it was relocated to Dee Why. It was great to see Eden Melham, Mikey Molinia, Lachlan Trewin and Massimo Vezzola honing their skills in the swim, Board and Ski.

Northern Beaches Branch Championships were held in near perfect conditions at North Curl Curl. Our Team consisted of Mikey Molinia, Massimo Vezzola and Lachlan Trewin representing the Juniors and Cadets, and Ayman Haggag, Marty Quinn, Peter Sharkey, Geoff Crittle,

Barry Marshall, Neil Smith, Ian Nicol and Peter Hatfield representing the Opens and Masters.

The team preformed above expectations on the day and were consistently in the medals. Standout performances were Ayman Haggag, Gold in the 35- 39 swim, Mikey Molinia 1st in the Champion Lifesaver and Peter Sharkey taking out the double winning Gold in both Single and Double Ski in the 60-64 years with partner Geoff Crittle.

Its also great to see two Life members at these events Marty Quinn competing in the Board and Ski and Phil Thomas coordinating our logistics and handling team meetings. A notable absentee from this years events was Wayne Weisse who has been recovering from a shoulder reconstruction, were looking forward to his return for the 2022/ 23 season.

As the season progressed Sydney endured one of the wettest summers on record.

Our State Championships to be held at Queenscliff were cancelled due to poor water quality and the beach being completely washed away by a combination of high tides, huge seas and the Queenscliff lagoon emptying into the ocean.

A new Metro Beach series was introduced this season thanks to the initiative of Ernesto Calderon and Matt Molinia. It runs in a similar format to the Fast Fives but is for beach competitors. This also proved to be a very

popular inclusion on the surf sports calendar and I'm sure it will grow in the coming years.

Dee Why was also host of the Branch Boat Championships. A special thanks goes to John Collins, Colin Kjoller, Ray Miller, Paul Ryan and Matt Molinia who not only set up the beach for the carnival, but then had to pack it up and set it all up again at Collaroy when the event was relocated due to hazardous surf. Thanks also goes to Roz Elliot and Justine Head for volunteering their services to provide First Aid for the day.

Many people may not realise that hosting carnivals not only showcases our wonderful club but is a very important income stream. Hosting just one carnival brings in more money than the Sun Run and Beach2Beach combined! We can only host these events with the support of our members volunteering to fill the many roles required.

Officials

Surf Sports cannot run without officials, and we should be very proud that Dee Why is represented so strongly in this area. Huge thanks to Ernesto Calderon, Jenny Graves, Mark MacKenzie, Adrienne Lowe and Allen Lakeman and special mentions to newcomer Chris West who obtained his Technical Official award and Matt Molinia who became a Senior Official.

Congratulations to Allen Lakeman on his 25 Year Officiating Award.

Coaches

This season saw some fresh faces step into coaching and training roles for the juniors with Neil Kafer, Chris West, Dylan Calderon and Alex Suhr all taking steps to achieve their Foundation or Development Coaching credentials. Congratulations to Ernesto Calderon for completing and attaining his Foundation Coach award. Ernesto and Dylan are very knowledgeable in beach event training and they are looking forward to developing our senior beach competitors.

Competition Results

The results for Junior events can be found in the Junior Activities report.

Branch Opens results:

U19

Swim – Lachlan Trewin 4th, Massimo Vezzola 5th
Board – Lachlan Trewin 5th, Massimo Vezzola 6th

U15

Flags – Mikey Molinia 2nd
Sprints – Mikey Molinia 5th
2km run – Mikey Molinia 3rd
Board Relay – Mikey Molinia and Mona Vale in Composite team 2nd
Champion Lifesaver – Mikey Molinia 1st

Board

35-39 – Ayman Haggag 2nd
65-69 – Barry Marshall 3rd
70+ – Ian Nicol 2nd

Board Relay

170+ – Barry Marshall/Marty Quinn/Neill Smith 3rd

Ski

55-59 – Pete Hatfield 3rd, Neill Smith 5th
60-64 – Pete Sharkey 1st, Geoff Crittle 3rd
65-69 – Barry Marshall 5th

Double Ski

60-69 – Pete Sharkey/Geoff Crittle 1st, Barry Marshall/Marty Quinn 2nd

Ski Relay

170 – Neill Smith/Marty Quinn/Barry Marshall 2nd, Geoff Crittle/Pete Sharkey/Pete Hatfield 3rd

Swim

35-39 – Ayman Haggag 1st
70+ – Ian Nicol 4th

Sprints

70+ – Ian Nicol 2nd

Flags

70+ – Ian Nicol 2nd

State Championships

This season saw the introduction of the Youth (U13-U15) category of events at State and The Aussies.

When the order was placed for the weatherproof jackets for our State team, we were convinced that it was likely we would have hot, sunny weather for the Youth, Opens and Masters Championships! How wrong we were!!!

Despite the very poor water quality, the Youth events kicked off in torrential weather and we are very happy to report that the jackets worked very well! However, the carnival was shut down before the completion of the first events due to an outbreak of gastroenteritis. A silver lining to this was that Mikey was interviewed by Channel 9 news and had a double feature in the report that aired that night!!!

The bad luck was to continue with the Opens and Masters events being cancelled due to the continuing water pollution problems.

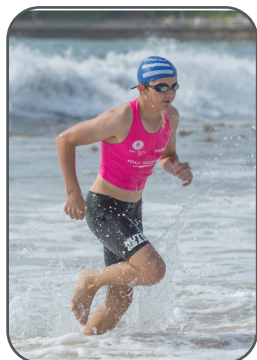

Aussies

The Aussies was originally scheduled to be held in Perth and our competitors decided that they were not going to attend. When the Western Australian boarders remained closed, the competition was moved to the Gold Coast and 3 Youth athletes made the trip to the carnival – Baelei Rogers U13, Paris Hudson U14 and Mikey Molinia U15. Mikey was selected to compete in the Champion Lifesaver event.

Baelei did very well to get through to the semi-finals in the sprints, Paris made it through to the semi-finals in the flags and Mikey got into the quarter-finals in surf board riding. Mikey also did very well in the Champion Lifesaver coming 5th behind 2 people in 1st place and 2 people in 3rd.

It would be great to see more members competing at carnivals - our club is very supportive and there is a very welcoming and friendly team environment you can be part of.

From my perspective getting your Bronze and patrolling is just the beginning. Representing your club is the next level you should be aiming for. This will also help in becoming a better life saver.

This was my first year as Junior Activities Coordinator and it could not have been done without the support and assistance of all the Junior Activities volunteers. This season our team went above and beyond to ensure we were educating the kids in surf safety and life saving while having fun at the same time.

In the pre-season, due to COVID-19, we weren't sure what the season would look like, but the team worked hard behind the scenes. We set up zoom information sessions and parent helper sessions and had registrations completely online, which then ensured we were ready and could kick off our season only a few weeks late, when restrictions were lifted and government allowed.

Due to the ongoing impact of COVID-19 we continued with our staggered split sessions across age groups with the support of Branch and Northern Beaches Council enabling us to have flags up on the beach by 8am every Sunday. Additionally, none of this would have been possible without the Club support of our early morning patrols, IRB crews and water safety team.

We had some horrible conditions through the season, massive swells and pollution, sand washed away from the beach and torrential rain – but week in and week out our Nipper families showed up and the kids had fun as we adapted our programs to suit the conditions of the day.

Special thanks to the Age Manager Team without which we could not run Nippers safely or effectively. Extra shout out and thank you to Cris Barber who has supported Nippers for many years as a much-loved Age Manager and is now leaving us. We wish the Barber family all the best with their sea change away from the Northern Beaches.

Age Mangers 2021/22

Under 6	Adam Heys	Cian Fitzgerald
Under 7	Janis Auzins	Ben Payne
Under 8	Cristian Barber	Niki Wright
Under 9	Brad Richter	
Under 10	Sanja Taslaman	Anita Richter
Under 11	Alex Suhr	
Under 12	Andrew Scott	Dean Wayne
Under 13	Brendon Rogers	
Under 14 (SRC)	Herve Vichemont	John Flood

Congratulations to our SRC crew on obtaining your Surf Rescue Certificates and coming down to the beach every Sunday to support the Nipper program in their water safety role.

Junior Activities Report

- Lee Auzins

We had a huge competitor team this year who all put in amazing efforts at every carnival attended. None of this would have been possible without our amazing Nipper Secretary, Evette Wenlock who also stepped into the vacant role of Carnival Coordinator/Team Manager and pulled everyone together to ensure a smooth competition season.

Well done Team DY!

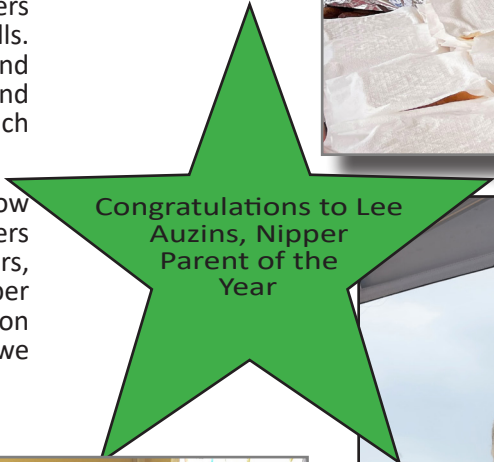

DY Competition Team 2021/22

Benjamin Applewhite	Jethro Barber
Eloise Bradfield	Harry Dircks
Hamza Haggag	Cuinn Macadam
Alice Parker	Emily Parker
Jackson Parker	Emmeline Richter
Sebastian Richter	Toni Rolle
Ruya Boylu	Mason Suhr
Piero Vezzola	Nixon West
Tom Wright	Hassan Haggag
Parish Hudson	Lucas Mackenzie
Mikey Molinia	Baelei Rogers
Elio Vezzola	

Over the course of this season, we also slowly starting to build up our coaching team, many nipper parents and some of the DYSLSC youth have started working towards their coaching accreditation, so we will be stepping up a notch next season to benefit all our Nippers. Thanks to everyone who has been working with me on this and ensuring you work towards accreditation.

Branch ran the Stephen H2O Nipper Water Program aimed at Nippers to U12's who need to build on their swimming skills, ability and confidence in the open water, again this program was impacted by ongoing weather events but congratulations to the 5 DY Nippers who took part and significantly improved their skills. Congratulations to Sam, Ruby, Jordan, Tommy and Ben, you all did the DYSLSC Nipper program proud, and I can't wait to see those skills in action on the beach next season.

Finally thank you, to all our Nipper families who show up and help every week, all the DYSLSC members who support the team in the running of Nippers, our sponsors and of course the awesome Nipper Committee who keep it both educational and fun on the beach. It takes a village and at DYSLSC Nippers we sure have one!

Sponsorship Report

- Peter Hatfield

2022 has been another tough year for our club. Crazy weather and COVID have hopefully both moved on. This year more than ever it has been essential to have the support of our club sponsors. Without the support of these generous local businesses, our Club would be going without the many essential items we use to help save lives on the beach.

On behalf of Dee Why Surf Life Saving Club Sponsorship Sub Committee, we would like to thank Upstate Dee Why, Rod Finlayson Remedial Building, Strata One, DHL Ltd and Westfield Warringah Mall for their continued and generous support. Apex signage have moved to a larger sign on the main wall and upgraded their commitment to the club. Reilly Food services have concluded their long term agreement with the club. We would like to thank Aaron and his family for their generous support over the years. They invested a great deal into surf sports via the boat section assisting in growing it from next to nothing to Dee Why having a national championship team. We wish Aaron and his family all the best for the future.

Chocolate Box Training in Cromer have come on board as a new sponsor, we are looking forward to building a working relationship with them that will benefit the fitness of the whole club. Thank you also to Beaches Can Am Sea-Doo, Active Automotive, Channel 10 for our Nipper pink singlets and URM for removing our rubbish.

Northern Beaches Council, Surf Life Saving NSW and the NSW and Australian Governments are also to be thanked for their ongoing support. In particular we would like to acknowledge the Surf Life Saving Foundation for conducting fundraising on behalf of clubs and branches allowing our member to focus on lifesaving activities.

Additionally we wish to acknowledge:

- The NSW Government for the support of Resilience NSW for the ongoing funding of state-side operations, which benefit all members through our cooperative agreement
- The NSW Government for the support of the Office of Sport, for their support to increase usage, safety and participation in Surf Life Saving through ongoing programs
- Federal Government for the Beach Safety Equipment Funding which directed \$5,000 to every SLSC for the purchase of vital rescue equipment, first aid and medical supplies.
- Federal Government for the VET Funding which enabled hundreds of assessors to update their training qualifications and provided clubs with updated training equipment including Q CPR manikins and tablets.

We are looking forward to hosting the first sponsor's lunch for a couple of years in the newly renovated Betty Barry Room sometime in the new season.

All members are encouraged to support the businesses that help our club, by using their services, referring them to a friend, liking their social media pages or going old school and sending them to a letter of thanks.

Association Sponsors

A big thank you to our Association Sponsors, a list of which appears on the previous page.

Notes of the Financial Statements

Dee Why Surf Life Saving Club Inc
For the year ended 30 April 2022

Summary of Significant Account Policies

The financial statements cover Dee Why Surf Life Saving Club Inc. as an individual entity. Dee Why Surf Life Saving Club Inc. is a not-for-profit Association incorporated in New South Wales under the Associations Incorporation Act 2009 (NSW).

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act 2009 (NSW), the Charitable Fundraising Act 1991 (NSW) and the Australian Charities and Not-for-Profits Commission Act 2012 (Cth) and the club's constitution. The committee has determined that the association is not a reporting entity.

The financial statements have been prepared in accordance with the requirements of the above acts and regulations, the Club's constitution and the following Australian Accounting Standards:

AASB 101 Presentation of Financial Statements
AASB 107 Statements of Cash Flows
AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors
AASB 1031 Materiality
AASB 1048 Interpretation of Accounting Standards
AASB 1054 Australian Additional Disclosures

No other Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial statements have been prepared on an accruals basis and are based on historic costs and do not take into account changing money values or, except where stated specifically, current valuations of non-current assets. The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

Income Tax

No provision for income tax has been raised as the Association is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

In the event the carrying value of plant and equipment is greater than the estimated recoverable amount, the carrying value is written down immediately to the estimated recoverable amount. A formal assessment of recoverable amount is made when impairment indicators are present.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the association and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

Depreciation

The depreciation method and useful life used for items of property, plant and equipment (excluding freehold land) reflects the pattern in which their future economic benefits are expected to be consumed by the association. Depreciation commences from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements. The depreciation method and useful life of assets is reviewed annually to ensure they are still appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

Employee Provisions

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Cash and Cash Equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value. Bank overdrafts are presented within current liabilities on the statement of financial position.

Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Grant and donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

If conditions are attached to the grant that must be satisfied before the association is eligible to receive the contribution, recognition of the grant as revenue will be deferred until those conditions are satisfied.

All revenue is stated net of the amount of goods and services tax.

Financial Instruments

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions of the financial instrument, and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable). For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

- amortised cost
- fair value through profit or loss (FVPL)
- equity instruments at fair value through other comprehensive income (FVOCI)

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

Classifications are determined by both:

- The entities business model for managing the financial asset
- The contractual cash flow characteristics of the financial assets

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables, which is presented within other expenses.

Subsequent measurement financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Association's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments as well as long-term deposit that were previously classified as held-to-maturity under AASB 139.

Financial assets at fair value through profit or loss (FVPL)

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply (see below).

Equity instruments at fair value through other comprehensive income (Equity FVOCI)

Investments in equity instruments that are not held for trading are eligible for an irrevocable election at inception to be measured at FVOCI. Under Equity FVOCI, subsequent movements in fair value are recognised in other comprehensive income and are never reclassified to profit or loss. Dividend from these investments continue to be recorded as other income within the profit or loss unless the dividend clearly represents return of capital.

Impairment of Financial assets

AASB 9's impairment requirements use more forward looking information to recognize expected credit losses - the 'expected credit losses (ECL) model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The Association considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Trade and other receivables

The Association makes use of a simplified approach in accounting for trade and other receivables and records the loss allowance at the amount equal to the expected lifetime credit losses. In using this practical expedient, the Association uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

Classification and measurement of financial liabilities

As the accounting for financial liabilities remains largely unchanged from AASB 139, the Association's financial liabilities were not impacted by the adoption of AASB 9. However, for completeness, the accounting policy is disclosed below. The Association's financial liabilities include borrowings and trade and other payables.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Association designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

Leases

Prior Treatment

Finance Leases were capitalised, recording an asset and a liability.

Leased assets were depreciated over their estimated useful lives. Finance leases were allocated between the reduction of the lease liability and the lease interest expense for the period.

Lease payments for operating leases, where substantially all the risks and benefits remained with the lessor, were charged as expenses in the periods in which they were incurred.

New Accounting Standards Introduced

AASB 16: Leases (applicable to annual reporting periods beginning on or after 1 January 2019) replaces the previous accounting requirements. AASB 16 introduces a single lessee accounting model that eliminates the requirement for lease to be classified as operating or finance leases.

The main changes introduced by the new Standard are as follows:

- recognition of a right-of-use asset and liability for all leases (excluding short-term leases with less than 12 months of tenure and leases relating to low-value assets);
- depreciation of right-of-use assets in line with AASB 116: Property Plant & Equipment in profit or loss and unwinding of the liability in principal and interest components;
- inclusion of variable lease payments that depend on an index or a rate in the initial measurement of the lease liability using the index or rate at the commencement date;
- application of a practical expedient to permit a lessee to elect not to separate non-lease components and instead account for all components as a lease; and
- inclusion of additional exposure requirements.

AASB 2018-8 Amendments to Australian Accounting Standards – Right-of-Use Assets of Not-for-Profit Entities allows that where the lessee is a not-for-profit entity, the lessee may elect to measure right-of-use assets on a class-by-class basis at initial recognition at fair value in accordance with AASB 13 Fair Value Measurement for leases that have significant below-market terms and conditions principally to enable the entity to further its objectives. AASB 1058 Income for Not-for-Profit Entities addresses the recognition of related amounts.

In addition, where a lessee is a not-for-profit entity and elects to measure a class or classes of right-of-use assets at initial recognition at cost for leases that have significantly below-market terms and conditions principally to enable the entity to further its objectives, the lessee shall disclose additional qualitative and quantitative information about those leases which shall include, but is not limited to, information that helps users of financial statements to assess:

- a. the entity's dependence on leases that have significantly below-market terms and conditions principally to enable the entity to further its objectives; and
- b. the nature and terms of the leases, including:
 - i. the lease payments
 - j. the lease term
 - k. the description of underlying asset; and
 - l. restrictions on the use of the underlying assets specific to the entity.

The disclosures so provided by a not-for-profit entity shall be provided individually for each material lease that has significantly below-market terms and conditions principally to enable the entity to further its objectives or in aggregate for leases involving right-of-use assets of a similar nature.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

Inventories

Inventories are valued at the lower of cost and net realisable value. No value is ascribed to goods for resale that have been donated to the Association where fair value cannot be reliably determined. Net realisable value is the estimated selling price in the ordinary course of business, less any applicable selling expenses.

Accounts Payable and Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

Significant management judgement in applying accounting policies

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Impairment

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units, based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain software and IT equipment.

Inventories

Management estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by future technology or other market-driven changes that may reduce future selling prices.

Long Service Leave

The liability for long service leave is recognised and measured at the present value of the estimated cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

Related Party Transactions

The Association's related parties include its key management personnel and related entities as described below. Unless otherwise stated, none of the transactions incorporate special terms and conditions and no guarantees were given or received. Outstanding balances are usually settled in cash.

Transactions with related entities

The Association sourced goods and services from members at market rate during the financial year. All related party services and contracts are approved by the Committee.

Transactions with key management personnel

All key management personnel and volunteers are not compensated for holding office positions.

6. Fundraising Appeals		
Net fundraising is applied to the operational expenses of the Association in its core lifesaving activities.		
7. Subsequent Events after Balance Sheet Date		
The World Health Organisation (WHO) declared the COVID-19 virus a global health emergency on 30 January 2020. Global trade and markets have been significantly disrupted, and many businesses have had to, or will have to, limit their operations.		
The Committee has assessed the impact of the ongoing pandemic on the Financial Statements of the Association. There is no effect of the pandemic on the asset values as at 30 April 2022.		

Declaration by Members of the Committee

Dee Why Surf Life Saving Club Inc
For the year ended 30 April 2022

The committee has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the committee:

1. The financial report which comprises of the statement of financial position as at 30 April 2022, and the statement of profit and loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, a summary of significant accounting policies and other explanatory notes is in accordance with the Australian Charities and Not-for-profits Commission Act 2012 (Cth) and Association Incorporation Act 2009 (NSW) and
 - complies with Australian Accounting Standards as set out in Note 1;
 - complies with the provisions of the Australian Charities and Not-for-Profits Commission Act 2012 (Cth) and the Australian Charities and Not-for-Profits Commission Regulations 2013 (Cth); and
 - gives a true and fair view of the financial position of Dee Why Surf Life Saving Club Inc. as at 30 April 2022 and its performance for the year ended on that date;
2. The accompanying statement of comprehensive income is drawn up so as to give a true and fair view of the profit (or loss) of the association including fundraising appeals for the last financial year;
3. The statement of financial position is drawn up so as to give a true and fair view of the state of affairs of the association including fundraising appeals as at the end of the financial year;
4. The provisions of the Charitable Fundraising Act 1991 (NSW), the regulations under the act, and the conditions attached to the fundraising authority have been complied with by the association;
5. The internal controls exercised by the association are appropriate and effective in accounting for all income received and applied by the organisation from any of its fundraising appeal;
6. At the date of this statement, there are reasonable grounds to believe that Dee Why Surf Life Saving Club Inc. will be able to pay all of its debts as and when they fall due and payable;
7. The accounts and associated records have been properly kept during the year;
8. Money received as a result of fundraising appeals conducted during the year has been properly accounted for, and;
9. The principal activities of the association during the financial year were the provision of lifesaving services and no significant change to these activities has occurred.

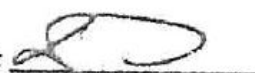

The accounts of the Association have been made out in accordance with applicable Accounting Standards, other mandatory professional reporting requirements, the provisions of the Associations Incorporation Act 2009 (NSW), Australian Charities and Not-for-Profits Commission Act 2012 (Cth) and the Charitable Fundraising Act 1991 (NSW).

This statement is made in accordance with a resolution of the Committee and is signed for and on behalf of the Committee in accordance with subsection 60.15 (2) of the Australian Charities and Not-for-Profits Commission Regulation 2013 (Cth) and other requirements by:

President:

M. Molnar

Treasurer:

D. Lang

Date: 14 July 2022

Compilation Report

Dee Why Surf Life Saving Club Inc
For the year ended 30 April 2022

Compilation report to Dee Why Surf Life Saving Club Inc.

We have compiled the accompanying special purpose financial statements of Dee Why Surf Life Saving Club Inc., which comprise the statement of financial position as at 30 April 2022, statement of profit and loss and other comprehensive income, the statement of changes in equity, the statement of cash flows, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is set out in Note 1.

The responsibility of the Committee Members

The committee of Dee Why Surf Life Saving Club Inc. is solely responsible for the information contained in the special purpose financial statements, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet its needs and for the purpose that financial statements were prepared.

Our Responsibility

On the basis of information provided by the Committee we have compiled the accompanying special purpose financial statements in accordance with the basis of accounting as described in Note 1 to the financial statements and APES 315 *Compilation of Financial Information*.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the basis of accounting described in Note 1 to the financial statements. We have complied with the relevant ethical requirements of APES 110 Code of *Ethics for Professional Accountants*.

Independent Auditor's Report

Dee Why Surf Life Saving Club Inc
For the year ended 30 april 2021

Qualified Opinion

I have audited the accompanying financial report, being a special purpose financial report, of Dee Why Surf Life Saving Club Inc. (the Association), which comprises the statement of financial position as at 30 April 2022, the statement of profit and loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the responsible entities' declaration.

In my opinion, except for the effects of the matter described in the Basis of Qualified Opinion section of my report, the financial report of the Dee Why Surf Life Saving Club Inc. as at 30 April 2022 presents fairly in all material aspects the financial position of the Dee Why Surf Life Saving Club Inc. and its financial performance for the year then ended in accordance with the basis of accounting described in Note 1 to the financial report and satisfies the requirements of the Charitable Fundraising Act 1991 (NSW), the Associations Incorporation Act 2009 (NSW), the Australian Charities and Not-for-Profits Act 2012 (Cth) and the Club's constitution including:

- a) giving a fair and true view of the registered entity's financial position as at 30 April 2022 and of its financial performance for the year ended; and
- b) complying with Australian Accounting Standards to the extent described in Note 1, and Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013

Basis of Qualified Opinion

It is not practical for the Dee Why Surf Life Saving Club Inc. to maintain an effective system of internal control over donations and fundraising activities until their entry in the accounting records. Accordingly, my audit in relation to donations and fundraising activities was limited to amounts recorded.

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of my report. I am independent of the registered entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to my audit of the financial report in Australia.

I have also fulfilled my other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter - Basis of Accounting

I draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Association's financial reporting responsibilities under the Charitable Fundraising Act 1991 (NSW), the Associations Incorporation Act 2009 (NSW), the Australian Charities and Not-for-Profits Act 2012 (Cth) and the Club's constitution. As a result, the financial report may not be suitable for another purpose. My opinion is not modified in respect of this matter.

Responsibility of the Committee for the Financial Report

The Committee of the Association is responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the Associations Incorporation Act 2009 (NSW), Charitable Fundraising Act 1991 (NSW) and the Australian Charities and Not-for-Profits Act 2012 (Cth) and the needs of the members. The Committee's responsibility also includes such internal control as the Committee determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Committee either intend to liquidate the registered entity or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain

professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the registered entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.
- Conclude on the appropriateness of the Committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Auditor's Independence Report

Dee Why Surf Life Saving Club Inc
For the year ended 30 april 2022

To the Members of the Committee of Dee Why Surf Life Saving Club Inc.

In accordance with the requirements of section 60-40 of the Australian Charities and Not-for-Profits Commission Act 2012 (cth), as auditor for the audit of Dee Why Surf Life Saving Club Inc. for the year ended 30 April 2022, I declare that, to the best of my knowledge and belief, there have been:

- No contraventions of the auditor independence requirements as set out in section 60-40 of the Australian Charities and Not-for-profits Commission Act 2012 in relation to the audit; and
- No contraventions of any applicable code of professional conduct in relation to the audit.

Peter M Power FCA
Registered Company Auditor No. 730
Suite 3, 11 Waratah Street, Mona Vale NSW 2103
Dated: 14 July 2022
